## PROSPECT OF RAILWAY SHOPMEN'S STRIKE SETTLEMENT

### 3 MEN HOLD UP BANK AT HOLISTER, MO.; FLEE IN AUTO WITH \$3200

Leon J. Clippard, State Examiner, and Two Other Persons, One the Wife of a Bank Officer, Locked in Vault by One of the Robbers.

**BASKET OF LIBERTY BONDS OVERLOOKED**

Men Start Toward Missouri-Arkansas State Line After Obtaining the Money—Loss Covered by Insurance.

Special to the Post-Dispatch.

HOLLISTER, Mo., Sept. 13.—Three men held up the Bank of Holister at 10:45 a. m. today, while Leon J. Clippard, State Bank Examiner, was at work checking the accounts of the bank, and escaped with \$3200. They started for the Missouri-Arkansas State line in an automobile after locking Clippard and the others in the bank vault.

The robbers overlooked several thousand dollars' worth of Liberty bonds which were lying loose in a basket on the counter in the teller's room where Clippard was working. One of the men entered the bank and ordered Clippard to hold up his hands, and two other persons in the bank at the time, Cashier William Stafford and Mrs. C. W. Moore, wife of a bank officer, were ordered to the rear of the bank. The second man stood on guard over them while the first man gathered up \$3200 in currency, gold and silver. The third man remained in a Ford roadster outside the bank.

Clippard and the other two then were locked in the bank vault. Persons entering the bank a few minutes later were attracted by noises inside the vault, but were unable to unlock the vault door. At this juncture, C. Moore, husband of Mrs. Moore, arrived in Hollister on a train from Springfield. He went to the bank and unlocked the door, 15 minutes after the three persons had been imprisoned.

**PROVEMENT INDICATED IN MRS. HARDING'S CONDITION**

By the Associated Press.

WASHINGTON, Sept. 13.—General appearances indicate as rapid improvement in Mrs. Harding's condition as can reasonably be expected, a bulletin issued at the White House shortly after 2 o'clock today.

The bulletin follows: "Mrs. Harding's condition, 8 a. m.: Temperature, 98.5; pulse, 88; respiration, 23. She had a quite comfortable night, sleeping longer, with less interruption. Swelling slowly subsiding. General appearances indicate as rapid improvement as can reasonably be expected."

The bulletin issued at 7:30 last night said that "unless unforeseen complications arise all consultants are of the opinion that the immediate crisis of the case has been passed." Dr. Charles Dwyer, who was called in consultation on the surgical aspects of the case, departed for home yesterday.

Mr. Carl W. Sawyer will return from Chicago today.

**NEW CONSTITUTION SIGNED**

Illinois Convention Approves Document, 77 to 1.

By the Associated Press.

SPRINGFIELD, Ill., Sept. 13.—With one dissenting vote, the Constitutional Convention yesterday adopted the proposed new Illinois Constitution by a vote of 77 to 1. The lone dissenter was Charles M. Kinney, of Chicago. Shortly before 1 o'clock the convention adjourned until Oct. 10, after all delegates present had authenticated the document with their signatures.

By the Associated Press.

Dies From Rattlesnake Bite.

VANHORN, Tex., Sept. 13.—Kenneth McKinney, 21 years old, of Houston, died in a hospital here today from a rattlesnake bite. With his parents, Mr. and Mrs. W. E. McKinney, he was on an automobile trip from Houston to California and the party was camped near here when Kenneth was bitten.

**ISSUE THEIR OWN MONEY**

By the Associated Press.

CHICAGO, Sept. 13.—Krupps, the German munition makers whose name now are producing implements of war, have shown how independent they are of the government. They are issuing their own private money, redeemable at the bank, and are circulating it throughout the Ruhr industrial district.

### FOLEY, 5 OTHERS, FREED AT HEARING BEFORE JUSTICE

Men Found Not Guilty by Justice Knoche of Conducting Gambling Place at Wellston.

### CASE TO BE TAKEN BEFORE GRAND JURY

Prosecuting Attorney Mueller Announces His Dissatisfaction at Verdict and Plans Further Action.

"Tony" Foley and five others jointly charged with operating gambling games at 6128 Easton avenue, Wellston, were found not guilty by Justice of the Peace Knoche of Bonhomme Township, in a preliminary hearing conducted today in a dance hall on the St. Louis County Fair Grounds at Upper Creve Coeur Lake.

Prosecuting Attorney Mueller of Clayton, who was present, said he was disappointed in the Justice's verdict and would take the case against the defendants before the special grand jury which convenes at Clayton next Monday to investigate the connection of gamblers with alleged frauds in the county primary election.

"Everybody Averse of Conditions."

"These men should have been held by the Justice, under bond, for the grand jury," Mueller said to a Post-Dispatch reporter. In summing up the case to the Justice, Mueller said: "Everybody in St. Louis County is disgruntled about conditions and it's about time for the court to be taking action. Popular opinion has arrayed itself against gambling in St. Louis County and the county citizens want to see a stop put to it."

Picnic benches and lunch tables were the only court furniture. The case was taken to Justice Knoche by the defendants on a change of venue from Justice Stecker of Clayton.

**Charges Followed Civil Action.**

The prosecution in this case antedates the August primary, which has caused a renewed investigation of gambling games in the county and their connection with politics. J. Lindsay filed a civil suit against Foley and others last spring for losses in the gambling games amounting to \$400. Prosecuting Attorney Mueller questioned Lindsay, and the issuance of the information followed.

Lindsay, whose address was given as 1411A Olive street, St. Louis, was present as a witness. He had demanded protection, and he was taken from Clayton in an automobile, accompanied by Sheriff William Prosser and Attorney Mueller and Assistant Prosecuting Attorney Rush.

Foley and the other defendants arrived before the county officers and prosecuting witness. Those seated on a picnic bench with Foley as co-defendants were Harry (Fat) Levin, a former St. Louis Constable; Michael J. Connor, James Mulligan, one McGuire, whose first name appeared on the information as Dutch and who answered to that name; and one Wolf, also designated in the information by a nickname. Edward Gleason, another defendant, was not present, and Wolf, after a consultation with Foley, answered to the calling of Gleason's name, saying that Gleason was sick. E. McDonald Stevens, a Clayton lawyer, represented the defense.

**Describes Games.**

Lindsay, in his testimony, described the games he had seen in operation at the Wellston, establishment as roulette, twenty-one, stud poker and craps, and said that racing bets also were handled.

He said he went to the place first March 5, as an onlooker, and that he played the different games subsequently, on 20 visits in March and several visits in April. He said that racing bets also were handled.

"Foley was boss of the place," the witness said. "All disputes were referred to him. When a customer was cleaned out, Foley would advance him car fare, usually a quarter. Connors sometimes did this, also."

**Says Foley Supplied Money.**

"Mulligan handled the racing bets, and Wolf conducted the stud poker game. Gleason was in charge of the craps game, and changed customers' paper money into silver dollars. Foley supplied the games with money. Levin paid off, and sometimes Connors paid off."

"Who took in your money?" Lindsay asked. "Foley and the others in Los Angeles, please?"

Continued on Page 2, Column 8.

### Will of Mrs. Hahn Reveals How Savings, by Good Investments, Grew to Million-Dollar Fortune

Early Accumulations of Husband in Saloon Business, Put Into Hotel, Dairy and Adding Machine Stock, Increased Rapidly.

When Peter Hahn of 2907 Milton street had accumulated between \$20,000 and \$30,000 twenty years ago he quit the saloon business, invested his savings in stocks of the Buckingham Hotel Co., the Grafeman Dairy Co. and the Burroughs Adding Machine Co., and held on.

The Buckingham Hotel Co. has had solid prosperity, the Grafeman Dairy Co., by consolidation, became the City Dairies Co., wholesalers of milk and ice cream, and the Burroughs Adding Machine Co. long has been recognized as a bonanza.

**How Investment Has Grown.**

The filing yesterday of the will of Hahn's wife, who died in June, disclosed that the \$20,000 to \$30,000 original investment now has an inventory value of \$113,257 and a market value in excess of \$1,000,000. It includes 4100 shares of Burroughs stock, listed at \$100, but with a market value of \$145; holdings in the City Dairies of \$300,000; and a majority interest in the Buckingham Hotel Co., listed at \$137,450.

As is recalled, Burroughs Adding Machine Co. was originally a St. Louis company, which moved to Detroit in its early days because St. Louis would not yield the capital necessary for it to expand. Since Hahn's investment, the company had distributed approximately 1200 per cent in stock dividends and its annual cash dividends have been unbroken, ranging from 7 to 21 per cent.

**Will Executed Jointly.**

The will of Mrs. Hahn was executed jointly with her husband and names him as sole beneficiary, with division of the estate at the time of his death in equal shares among about 30 legatees, chiefly relatives in the vicinity of Milwaukee, Ill., and in Germany. Other legatees are the Blind Girls' Industrial Home, the St. Louis Alms House, of which Mrs. Hahn was a director at the time of her death; Miss Alma Mundt, secretary to Mr. and Mrs. Hahn for several years; and to Orono E. Scott, a real estate dealer, "for long and faithful service." Scott and Judge William Dee Becker of the St. Louis Court of Appeals are executors of the will.

The inventory of the estate places a valuation of \$11,000 on the home on Milton street, in which the family has resided for many years. Hahn now is 73 years old. Several years ago he suffered amputation of both of his legs as a result of an infection. His wife was 66 years old. They were married 46 years ago.

### FAIR AND ABOUT THE SAME TEMPERATURE

**THE TEMPERATURES.**

|         |    |          |    |
|---------|----|----------|----|
| 1 a. m. | 65 | 11 a. m. | 79 |
| 2 a. m. | 61 | 1 p. m.  | 81 |
| 3 a. m. | 61 | 2 p. m.  | 82 |
| 4 a. m. | 60 | 3 p. m.  | 80 |

Highest yesterday, 77, at 3:45 p. m.; lowest, 56, at 6 a. m.

**Official forecast for St. Louis and vicinity:** Fair tonight and tomorrow; not much change in temperature.

**Missouri:** Fair tonight and tomorrow; little change in temperature.

**Illinois:** Fair in south portion; mostly cloudy in north portion tonight and probably tomorrow; not much change in temperature.

**Stage of the river at 7 a. m.:** 4.7 feet, a rise of 1.2 feet.

### POLA NEGRI ARRIVES IN U. S.

By the Associated Press.

NEW YORK, Sept. 13.—Pola Negri, Polish screen star, got her first glimpse of an American city yesterday when she arrived on the S. S. Majestic, bound for Los Angeles to appear in motion pictures. She confessed she was nervous, but pleased, when told she was much more beautiful than her pictures have shown her to be. When she recovered her composure she said: "My art is all I live for. I am so happy to be here."

Miss Negri is a brunette, with gray-blue eyes that twinkle behind long dark lashes. When she learned her journey to the coast would begin almost at once, she gasped and asked: "How are the operas in Los Angeles, please?"

### BANK'S \$100,000 LOAN TO MINERS STUNS FINANCIERS

Wall Street Amazed at Harriman Institution's Action in Accepting Personal Notes Without Security.

### MONEY ADVANCED TO PREVENT SUFFERING

Bank Director Says Integrity of 900,000 Miners and Families Is Equal to Wealth of Rockefellers.

By Lensed Wire From the New York Bureau of the Post-Dispatch.

NEW YORK, Sept. 13.—Wall street gasped yesterday when it heard the Harriman National Bank had loaned \$100,000 for strike purposes to the United Mine Workers' Union without collateral security. Veteran bankers were amazed on learning further that the loan, made early in July, when the coal strike was at its height, was effected by personal notes signed by John L. Lewis, president; P. H. Murray, vice president, and William Green, secretary-treasurer of the union.

One report made the loan \$200,000. Officers of the Harriman bank, 527 Fifth avenue, evidence astonishment that their financial aid to the union had even provoked comment. They pointed out, however, that the loan could not have been more than \$100,000, because their capitalization is only \$1,000,000, and the laws allow them to lend not more than 10 per cent of this to any individual or group.

Despite this legal limitation, however, Harry B. Rosen, a director on the bank, who was active in obtaining the loan for the union, was quoted as saying the union could have had a much larger amount had it desired, even \$5,000,000.

Apparently, the only collateral behind the union was what Rosen characterized as "the integrity of 900,000 miners and their families." This was interpreted to mean that the miners would continue to pay their dues into the union and from this source of union revenue the loan eventually would be liquidated.

**Animated Discussion Provoked.**

Three features connected with the loan provoked animated discussion. First, bankers emphasized it was unprecedented for a financial concern to grant a loan to a union, which, of course, is unincorporated. Secondly, it seemed incredible that money aid should be extended during a strike. Thirdly, and most important, the bank accepted the personal notes of these officers of the union: John L. Lewis, president; P. H. Murray, vice president, and William Green, secretary-treasurer.

Conflicting statements were obtained regarding the purposes for which the money was loaned. The bank contended the money had not been used for strike purposes and it was clearly intimated there that the amount granted was considerably less than \$100,000. Secretary-treasurer Green was reported as frankly explaining it did go to prevent suffering of the miners and their families. He indicated virtually all of it had been checked. At the bank it was learned considerable of the money is still on deposit there.

Joseph W. Harriman, president of the bank, would not discuss the statement of Secretary Green that the \$100,000 had provided tents and food for the striking coal miners. He did not think there was occasion for comment on what the bank had done. It was purely a business transaction, said Harriman, who made it appear his institution had helped other unions on previous occasions.

While Harriman was told the officers of the United Mine Workers had commended him for the sympathetic manner in which he responded to their appeal for financial assistance, he made no attempt to cloak his gratification.

**Wall Street Control Suggested.**

When informed some persons were disposed to regard the action of his bank as evidence of Wall street control of the unions, Harriman smilingly remarked:

"We are not to be regarded as Wall street. Our is a comparatively small bank. Our capitalization is only \$1,000,000."

"The Harriman bank is a public institution," said Harriman in a formal statement which he dictated for asked: "How are the operas in Los Angeles, please?"

### PEACE ASSURED ON 35 PER CENT OF ROADS, LABOR SECRETARY SAYS

### FRANCE WITH BRITAIN ON TURKISH SITUATION

Agrees With England on Freedom of the Dardanelles and Bosphorus.

By the Associated Press.

LONDON, Sept. 13.—France notified the British Government yesterday that she was in accord with Great Britain regarding the freedom of the Dardanelles and Bosphorus and was ready to discuss anything tending to a settlement, provided the legitimate aspirations of the Turks were safeguarded.

"Various American establishments" were among the premises damaged by the mob in Constantinople Sunday, according to a dispatch to the Daily Express from Constantinople.

The Central News, in a dispatch from Athens, says it is reliably informed that the Tzugo-Slavian and Rumanian Governments have evidenced, without equivocation, their intention of aiding Greece in the event of a Balkan conflict. Serbian troops, it adds, are being mobilized and moved in the direction of Uakub (Skopje).

### Former Premier Venizelos of Greece Arrives in Paris.

By the Associated Press.

PARIS, Sept. 13.—Former Premier Venizelos of Greece arrived in Paris today from Switzerland. His friends declared he planned his present visit for conference with friends regarding the situation in Athens with a view, it was felt, to the possibility of his being called back to power in Greece.

Baron Hardings, British Ambassador to France, last night delivered a note to the French Government in which the British Government declares it counts upon the support of the allies to assure the defense of Constantinople and the Gallipoli peninsula.

**Anti-Christian Movement by Turks in Thrace Reported.**

By the Associated Press.

ATHENS, Sept. 13.—Disquieting rumors are afloat in Thrace, causing uneasiness which the sanguifield displayed in official circles is unable to calm.

It is reported that the Turks in Thrace, encouraged by the successes of Mustafa Kemal Pasha's army in Anatolia are engineering an "anti-Christian movement. Encounters between Bulgarian irregulars and Greek detachments have occurred along the border near Nevropolis, and it is stated the irregulars were driven back into Bulgarian territory. Citizens of Athens apparently do not yet fully realize the extent of the disaster to the Greek army in Asia Minor.

### CONVICT, WHO ESCAPED 3 YEARS AGO, MARRIED AND HAS SON

By the Associated Press.

CHICAGO, Sept. 13.—Joseph Vachek, who escaped three years ago from Joliet prison, where he was sent for killing his father, and who married and himself became a father, and was caught here, is held in jail waiting to be returned to Joliet.

When he comes out again he will be 45 years old. His wife—who swears she will wait the eighteen years for him—will be 43, and their new baby son will be 15.

For the first time after his arrest he told his wife of his killing his father in 1911, of his twenty-five years' sentence to Joliet, and of the flight after serving seven years.

"I was only 16 years old," he said. "My father was a wealthy contractor. He had affairs with other women. He proposed to me that I kill my own mother so he could be free. I killed him last night."

"You know the red—my work here and meeting with you two years ago, our marriage. You know that I've been an honest, hard-working man."

### MORE EVIDENCE IN INJUNCTION HEARING

By the Associated Press.

CHICAGO, Sept. 13.—Efforts of the attorneys for the striking shopcraft leaders to forestall the reading of additional hundreds of the 29,000 affidavits of violence produced by the Government in support of its injunction bill, failed again today.

The Government rejected all overtures for speeding up the case by eliminating or clarifying the affidavits and Judge James H. Williamson sustained the prosecution's rights to the broadest latitude.

**Army Airlift C-3 Again Delayed.**

By the Associated Press.

NEWPORT NEWS, Va., Sept. 13.—The army airlift C-3 did not get away last night, as had been planned for its transcontinental flight to California. This is the second time it has been delayed. The departure was postponed until tonight.

## FATHER OF MURDERED GIRL SLASHES THROAT

**Tony Dinello of Kansas City  
Tries to End Life After Re-  
Enacting Killing of

Special to the Post-Dispatch.  
KANSAS CITY, Sept. 13.—After  
he had confessed the murder of his  
daughters, Flora, 11 years old, and

Helen, 14, Tony Dinello last night attempted to slash his throat with a razor blade in the presence of Henry T. Zimmer, chief of the Kansas City police, and three detectives. Dinello attempted suicide after he had re-enacted the murder of his two children.

He stood on a stool in his shanty on Kaw Point, ostensibly reaching for money. Chief Zimmer was at his side.

Dinello's wife last night admitted to police that her husband had purchased two tickets for Denver, with

which they had intended Monday to depart. Her admission was corroborated by a statement made by C. F. Trudersheim, a foreman for a packing company, taken into custody last night, who not only said that he had heard of the intended departure of Dinello and his wife but that he saw Dinello heave two bulky burdens, apparently boxes, over

When he was returning from the James street bridge, where he depicted to police how he had cast the bodies of his children into the Kaw River, Dinello asked for permission to get some money he said he had hidden in the house. With Chief Zimmer at his side, Dinello

stepped upon a stool and grasped the blade of a razor, from which the handle had been broken. Before the police could interfere he had slashed his throat.

After confessing he had killed his daughters on the afternoon of Sept. 2 and thrown their bodies into the Kaw River, Dinello yesterday morn-

ing went to his cell muttering hal  
coherently that he had killed his  
daughters because they had burned

up his trousers and a small amount of paper money in a pocket when playing with matches, on the afternoon of the crime.

oldest daughter, Giulia Dinello, nearly four years ago, from the shanty of Kaw Point, which became known with Dinello's arrest, has furnished the police a new problem.

**\$28,000 JUDGMENT AGAINST  
GEORGES IN OIL STOCK SUIT**

Judgment for \$28,000 and 8 per cent interest since March 15, 1926, was rendered by Judge W. W. Clayton, St. Louis, in the case of *George J. Jannopoulos vs. Jannopoulos*, president of the Westcott Automobile Co. and former proprietor of Delmar Gardens, against George J. Jannopoulos, 7103 Alamo drive, St. Louis, president of the Standard Lumber Co., after a jury trial yesterday in Circuit Judge Warden's court at Clayton.

Jannopoulos had sued for \$28,000 damages, plus interest and minus the dividends, because, he alleged, George J. Jannopoulos had misappropriated the value of stock in the United Drilling and Development Co. of Wichita, Kan., which George J. Jannopoulos had traded him for three lots in University City.

Jannopoulos testified the \$750 shares of stock, when turned over to him, were listed on the market at \$1.12 each, instead of being worth \$5, as he contended George J. Jannopoulos also asserted the oil company was not producing 4500 barrels of oil a day nor having a daily income of \$17,000, as he had been told to believe.

No dividends have been paid on the stock since Dec. 15, 1926, Jannopoulos asserted. Up to that time he had received \$2125 in cash and 2800

additional shares of the stock. Jannopoulos brought the suit for damages after an attempt to have the original transaction with George J.

**Study this, then Think****Analysis**

If a grain of wheat is cut into thin slices and examined under a microscope, it will be found to consist of the following parts as shown in the illustration made from a highly magnified longitudinal section of the whole wheat berry.

The GERM, or embryo. This is simply the young plant. It represents about 1 1/2 per cent of the whole grain.

The ENDOSPERM, or kernel. This consists of two large masses of nutritive material for the use of the embryo. It makes up 83 per cent of the grain.

The BRAN, is an outer envelope mainly composed of cellulose impregnated with the inorganic mineral salts shown in the diagrammatic illustration. It affords a protective covering for the grain of which it makes up about 15 1/2 per cent.

(B) A middle layer consisting chiefly of small cells full of pigment which gives to the bran its brown color. This layer is present in cellulose than the first.

(C) An inner layer consisting of a single row of large cells full of granular matter, which is a protected term called ALEURONE. This layer is sometimes also called the scutellum layer. It contains least cellulose of all.

As shown by the illustration, bran of the wheat grain contains 16 mineral elements, as follows:

Phosphorus, Lime, Magnesium, Chlorine, Carbon, Iron, Sodium, Silicon, Potassium, Sulphur, Manganese, Nitrogen, Iodine, Oxygen, Hydrogen and Fluorine.

The analysis of the human body, according to authorities, shows that man himself is a combination of all these 16 elements and that he depends upon his food for supplying them. "Cap-Sheaf" Bread contains all of them, through utilization of the entire wheat berry.

**The Whole-Wheat Berry**

Whole wheat, the simplest of natural foods, contains the mysterious physiologically active principles required to maintain normal health.

There is no known substitute for whole wheat:

Whole wheat is a perfectly balanced ration, and will, alone, sustain life indefinitely. The 16 chemical and mineral elements found in the human body are all found in perfectly balanced proportions in the germ and bran of wheat. Both are entirely eliminated from all white flour and both are an essential part of the daily diet of every human being. There is no substitute.

To obtain, in another way, these many elements that are all bound up in a grain of wheat in proper proportions, it would be necessary to use a great variety of foods, but always they would be out of balance, and unproportioned. Some elements would be in large excess, and in others entirely absent or insufficient in quantity.

All of the original elements wisely placed there by nature, are preserved in the whole wheat grain.

Alfred W. McCann, world-famous food authority says: "The reason for refining grains and cereals is entirely a commercial one. The germ in wheat, corn and other grains is rich in phosphorized oils. When locked up in the whole grains, these oils are protected from the oxygen

of the air by means of bran layers, and the oil can so keep for an indefinite period. White flour means flour robbed of the bran and germ. The absence of the bran and germ means the loss of more than three-fourths of the most vitalizing and life-sustaining elements of the grain." But as it is commercially impractical to produce whole-wheat flour that will keep, the bran and the germ are removed in the milling of wheat.

The vitamins or 16 indispensable chemical and mineral elements of the bran and the phosphorized oils of the germ, cause the product to become impossible of preservation.

Cap-Sheaf Bread Company, use only freshly milled whole-wheat flour.

We mill our flour on the premises. Our grain is the best obtainable, and ground every day. "Cap-Sheaf" Bread is made from it, just as it runs from the mill. There is nothing taken from the flour. Every essential element needed to nourish, build and sustain the human body, or repair its worn-out tissues, bound up in that natural parcel, a whole-wheat berry, is preserved in its entirety in a loaf of "Cap-Sheaf," the original and genuine Whole-Wheat Bread.

The full flavor of the whole grain makes a delicious, wholesome bread with a tender crust, as sweet and pure as it smells and tastes. It is good to the last crumb.

KILL RATS TODAY

**STEARNS' ELECTRIC PASTE**  
It also kills mice, cockroaches, water bugs and ants. It forces these pests to run from building for water and fresh air. A 35c box contains enough to kill 50 to 100 rats or mice. Get it from your drug or general store dealer today.  
**Ready for Use—Better Than Traps**

**Quit Making Faces at Your Meals**

**Ironized Yeast Gives the Stomach Natural Digestive Power!**  
There's one organ in the human body that "kicks back" when it gets sick, and that's the stomach. No stomach on earth can operate without ironized yeast. The same thing is true about the nerves. There's hardly anything that can happen

**Stomach-Power Gavel Ironized Yeast**  
Quickly Builds Up Digestive Power. You'll Relish Your Food!  
The nervous system that is not once reflected to the stomach. Weak nerves weak stomach! Nature has only one answer; more vitality ironized. But remember that ironized yeast is not a mere mixture of yeast and iron, but is yeast ironized in the world's most powerful yeast-vitamins-with-organic-iron, the very natural food-power which every strong stomach and every strong nervous system possesses. The server is ironized vitamin-ironized yeast, is sold at all drug stores at \$1.00 a package. Each package contains 10 tablets, each tablet is sealed. They never lose their power. Get it from Ironized Yeast Co., Atlanta, Ga. Take ironized yeast, and you'll enjoy eating, and digest thoroughly everything you eat. That's life!

**DEATH OF MRS. PARK BENJAMIN ADDS IMPETUS TO WILL CONTEST**  
Plans for Attack on Her Husband's Testament by Children Soon to Be Perfected.  
Special to the Post-Dispatch.  
NEW YORK, Sept. 12.—Mrs. Park Benjamin, 54 years old, mother of Mrs. Dorothy Benjamin Caruso, died at a sanitarium in Goshen, N. Y., Monday night. She was the widow of Park Benjamin, noted patent lawyer, who died Aug. 25 of heart disease at Shippan Point, Conn. Her death adds impetus to plans already under way to contest her husband's will.

In his will Park Benjamin cut off his five children with a dollar each, alleging unfaithful conduct on their part, and left \$60,000 and all personal effects to Miss Anna Bolchi Benjamin, an adopted daughter. The residue of the estate was left to his widow, upon her death to go to Anna Bolchi Benjamin. The estate is estimated to be worth between \$850,000 and \$900,000.

A member of the Benjamin family last night said plans would be perfected to contest the will as soon as the children could meet. Mrs. Caruso, widow of Enrico Caruso, is expected from Italy next week, or within a fortnight at least, it was said. The Benjamin children are Mrs. Caruso, Park Benjamin Jr., Romya Benjamin, Mrs. Gladys Goddard and Mrs. Marjorie Glenn.

Veterans Bureau Inquiry Sought.  
By the Associated Press.  
WASHINGTON, Sept. 12.—Investigation of the Veterans Bureau, to determine whether laws relating to treatment and care of disabled former service men are being administered properly and promptly, would be ordered by the Senate under the terms of a resolution introduced by Senator King, Democrat, Utah.

**VENUS EVERPOINTED PENCILS**

THE cherished personal pencil—made in various styles, plain, chased and engine-turned; silver-filled, gold-filled, sterling silver and solid gold; large and small.  
\$1.00 to \$50.00

**BOY SCOUTS TO ASSIST AT BENEFIT CARNIVAL**

Troop Will Be Assigned Each Night to Aid at Shows for Pure Milk Fund.

Preparations are going forward rapidly for the mammoth eight-day carnival to be given Sept. 17 to 24 inclusive, on the Show Grounds at Vandeventer and Laclede, for the benefit of the Post-Dispatch Pure Milk and Free Ice Fund. Fred E. S. Reno, 410 N. Twenty-third street, who is managing the affair, announces that more than a score of local concessionists have already leased space for their stands and these, together with the twenty attractions which the Siegrist and Silson Shows offer, are expected to prove a source of considerable revenue for the Milk and Ice Fund.

A different boy scout troop, numbering 25 scouts, under the direction of a scout-master, will be assigned to the carnival each night and they will assist with the collection of tickets on shows and rides and in rendering other services.

An area of approximately 200,000 square feet will be occupied by amusement features when the shows and concessions pitch their tents and stands along the elaborate midway next week. Included in the attractions, in addition to the booths, where hundreds of dolls will be displayed along with other rewards, are ball-throwing booths, the customary shooting-galleries and miscellaneous concessions.

The rides and swings, which are ever a source of amusement to children, include a seaplane or aerial swing, a merry-go-round, a Ferris wheel, the "whip" and a baby swing for tiny juveniles.

Arrangements are being made by those in charge of the affair to set aside certain nights in the week as special nights for local clubs or organizations, when they will gather in a body for individual amusement and to assist the fund for the babies. The carnival will be open to the public, however, during the entire week.

### SULPHUR CLEARS A PIMPLY SKIN

Apply Sulphur as Told When Your Skin Breaks Out

Any breaking out of the skin on face, neck, arms or body is overcome quickest by applying Mentho-Sulphur. The pimples seem to dry right up and go away, declares a noted skin specialist.

Nothing has ever been found to take the place of sulphur as a pimple remover. It is harmless and inexpensive. Just ask any druggist for a small jar of Rowles Mentho-Sulphur and use it like cold cream.

### Armstrong's Linoleum

for Every Floor in the House

You live on it  
Stand on it  
Walk on it  
Keep your possessions on it

LOTS of things have been tried for floors—earth, stone, tile, cement, and wood. All have their good points and their drawbacks. What would you say of a floor that combined the beauty of tile and wood with a resilience and smoothness possessed by neither—a floor that was not cold to the touch, that was waterproof and never needed costly refinishing—a floor that did not absorb grease, that could be bought in almost any color or pattern desired, that was permanent and not expensive?

What would you say of a floor like that? Well, that is the kind of floor that linoleum makes. Modern linoleum is not just a floor covering, but a real floor. When properly laid it combines the advantages and has none of the disadvantages of other types of floors.

The best way to lay linoleum over wood is to cement it over a layer of builder's deadening felt which has previously been glued to the bare floor boards.

Real linoleum has weight and strength. It is a composition of linseed oil, ground cork, and tough burlap. There is body to it.

Not all people can tell by sight the difference between linoleum, a floor material, and floor coverings with a pattern which, while they are not called linoleum, are sometimes mistaken for it. Genuine linoleum has a burlap back and does not tear easily.

Look for the Circle "A" trademark on the burlap back and you can be sure you are getting Armstrong's Linoleum, which is genuine linoleum.

### Armstrong's Linoleum Rugs

For people who live in apartments or who have houses on short leases and consequently do not wish to install permanent linoleum floors, Armstrong's Linoleum is also made in the form of bordered rugs. Thirty attractive patterns in four sizes from 6 x 9 feet to 9 x 12 feet.

## WOULD BAR PICNICS FROM O'FALLON PARK

Protective Association Presents  
Petition on Next Year's  
Schedule.

A petition asking that all picnics be barred from O'Fallon Park next season was presented to Mayor Kiel yesterday by representatives of the O'Fallon Park Protective Association, which was formed in protest against what its members believe was an unfair apportionment of negro picnics to O'Fallon Park this season. The committee, including State Senator Peter Anderson and headed by E. M. Hoffman, president of the association, said it was representing 5000 members.

The Mayor declined to give a decision on closing O'Fallon Park to picnics, but promised an adjustment would be made. He said the Park Department would work out plans for even distribution of picnics to the various parks.

During the present season permits were issued for 112 negro picnics, 140 of them going to O'Fallon Park and the remainder to Forest and Carondelet Parks. Park Commissioner Papa, who attended the conference, said permits for negro picnics had been issued for O'Fallon Park on request and that no effort had been made to send the picnics there.

**Repeat Program Altered.**  
The association, in asking exclusion of all picnics, altered the program adopted at a mass meeting last Wednesday when four plans were adopted to be placed before the Mayor. The plans included division of the city into districts and holding of picnics within the district in which they originate; curtailment of the number of negro picnics in O'Fallon Park; barring of all picnics, and a bond issue for establishing a separate park for negroes.

Hoffman told the Mayor that the association was opposed to discrimination and for that reason was asking that permits be refused for all picnics at O'Fallon Park. That will give us satisfaction and peace," he added. Hoffman asserted the association was growing rapidly and predicted a membership of 20,000. At a recent meeting he stated that real estate values near O'Fallon Park had dropped sharply because of the large number of negro picnics held there.

**Letter of Protest Received.**  
A letter of protest against any change in the present system of granting public picnics was received yesterday by Mayor Kiel from the St. Louis Welfare Association. The letter stated no complaint of breaking park rules had been filed following any of the negro picnics. The proposed restricting plan was opposed unless negroes were given representation in the districting. Reduction of the number of negro picnics at O'Fallon was termed race discrimination.

Particular objection was made to the plan of establishing a separate park for negroes on the grounds the plan would exclude whites from the proposed park and exclude negroes from other parks. "Negroes and inferior accommodations would be the result. It was charged, and such a bond issue would be opposed by negroes."

**SIMPLE WAY TO GET  
RID OF BLACKHEADS**

There is one simple, safe and sure  
way that never fails to get rid of black-  
heads, that is to eliminate them.  
To do this get two ounces of elegant  
vanishing cream from any drug store—available  
a little on a hot wet sponge—rub over  
the blackheads twice—wash the face  
and you will be surprised how the black-  
heads have vanished. For black-  
heads, little blackheads, no matter where  
they are, simply dissolve and disappear,  
leaving the skin without any marks  
whatsoever. Blackheads are merely a  
matter of dirt and dirt and secretions  
from the body that get into the pores  
of the skin. Washing and squeezing  
only cause irritation, make them worse  
and do not get them out after they be-  
come hard. The vanishing cream and  
the simple doctor's advice. On black-  
heads as they wash right out, leaving  
the skin clear and smooth. In that  
case, the simple doctor's advice is  
the only way to get rid of blackheads.

### Our First Autumn Showing of New Silks, Velvets, Woolens, Trimmings and Laces

Has Attracted Hundreds of St. Louis Women

THIS is a showing that no woman planning her Fall wardrobe should miss. Here without hours of careful thought and study she can see in a very short time what will be worn this season for street, afternoon or evening—she can see wonderful combinations of materials and trimmings—perhaps those which she had not thought of. And all these beautiful collections of both Silk and Woolen materials and every sort of fashionable trimming can be viewed by day or night light—just as you choose.

For our Silk Shop has been changed into a large and spacious plaza with plenty of daylight as well as facilities for selecting your evening costumes under artificial light.

This display represents the very best production of both American and European artisans and manufacturers, as our buyers have been busy all summer shopping in Europe and this country in preparation for this event.

Mr. Harbison and Mrs. Upshaw are in the Silk Plaza from time to time during this week and are offering their assistance in the selection of materials, colors and trimmings.

Make your plans to come down tomorrow or one of the remaining three days this week to view this wonderful showing in our Silk Plaza.

Second Floor.

### Bonnie Scarfs From Scotland \$5.00 to \$6.95

A BRIGHT splash of color on the Fall landscape! A gay length of homespun or thistle-down flitting with a brisk Fall wind! It's one of the dashing new Scotch Scarfs you will soon see young women wearing with Top-coats and sports suits.

You will delight in selecting from our wonderfully large assortment just arrived. They are all-wool; in homespun or thistle-down plaids and stripes with contrasting borders. Striking color combinations.

Scarf Shop—First Floor.

### Items of Interest

**Black and Gold**  
A STREAK of sunshine against a thunder cloud—that is the effect of the newly received French Brocade that add finishing touches to living room and library. Heavy black satin with rich, antique gold applique, galleons and tassels; come in sizes and shapes to fit davenport and gate-leg tables. Telephone Stands and pillow tops. \$3.25 to \$22.50. Art Needlework Shop—Second Floor.

**Not a Bit Stiffish**  
—is the very new wrap-around elastic Girdle of fine brocade with elastic inserts. It's easy to slip into because it hooks down the front, and is simply the last word in girdling for Autumn sports. \$3.50. Corset Shop—Third Floor.

**A Color Note**  
EVERY room has a dominant color which stands out boldly against more subdued shades. Often it asserts itself in drapery or upholstery, but more frequently it is found in the well chosen cushion or bit of pottery. Here are domestic Vases with all the charm of the European, in cobalt blue, pigeon blood red, or blended amethyst colorings. \$2.50 to \$7.75. Art Shop—Fourth Floor.

**Splash! Rain!**  
JUST a little spatter from the skillet, but the grease soaked right through the gingham Apron and into the lovely crepe frock that you had put on in readiness to receive your dinner guests. If it had been a pretty crepe Household Apron, rubber lined, the disaster would never have occurred. \$1.49. Notion Shop—First Floor.

### For Women Who Prefer High-Neck Nightgowns on Cool Fall Nights

WE offer a splendid selection of Long-cloth, Cambric and Nainsook Nightgowns in pretty high-neck styles, V-neck, with long sleeves; embroidery trimmed.

WOMAN, 74, ATTACKED  
IN HOME BY BURGLAR

Widow Choked and Beaten  
Stocking Torn Off;  
Other Places Also Ent

A cool, slender man about 35 years of age, carrying a revolver, was yesterday morning aroused by the sound of three homes on M. Mrs. Nicholas is alone in the night, as a daughter with her has night employment. She awakened a man standing beside her in dark trousers and a green coat. He pointed a revolver at her and said, "keep quiet—don't move. Just tell me where your money is."

She directed him to her desk in a bureau drawer, from which he took \$2.40. He then went to her room. When he returned and struck her, and she was an elastic stocking off to see if it concealed any money. He then went to her calling for her. She is heavily built, and resides upstairs and across the hall in the building, which is a house with one entrance. When he left he said: "If you don't hurry I'll come back and cut your throat." He went to the window, through which he had entered. Thirteen minutes after the burglar had gone into Mrs. Nicholas entered the home of John, who, with his family, live in the hall. He passed through the door and entered the hall.

### MAN, 74, ATTACKED IN HOME BY BURGLAR

Now Choked and Beaten and Stocking Torn Off; Two Other Places Also Entered.

A cool, slender man about 30 years old, carrying a revolver, who early yesterday morning aroused the occupants of three homes on Minnesota avenue in South St. Louis and one in the 5900 block on Michigan avenue, a parallel street, attacked Mrs. Katherine Nicholas, a widow, 74, residing at 6421 Minnesota avenue.

Mrs. Nicholas is alone in the house at night, as a daughter who lives with her has night employment. About 4 a. m. she awakened to find a man standing beside her bed. He wore dark trousers and a gray cap, with no coat. He pointed a revolver at her and said, "Keep quiet—I'll not harm you. Just tell me where you keep your money."

She directed him to her pocket-book in a bureau drawer, from which he took \$2.50. He then went into a bathroom and struck her, and, noticing she wore an elastic stocking, tore it off to see if it concealed money. She became hysterical. He easily overpowered her calling for help, although she is heavily built. Family reside upstairs and across the hall in the building, which is a double house with one entrance.

When he left he said: "If you make outcry I'll come back later and cut your throat." He went out by a window, through which he evidently had entered.

Neighbors Awakened Family. Thirty minutes after the burglar had gone into Mrs. Nicholas's home entered the home of John Brandley, who, with his family, lives across the hall. He passed through the

kitchen and a room where Mrs. Fred Brechtel, a daughter of Brandley, was sleeping, into the bedroom of Mr. and Mrs. Brandley and a daughter, Emma, 20. Mrs. Brandley awakened and screamed, arousing the others, and, warning them with the revolver against further crying out, the intruder backed through the two bedrooms to the kitchen window through which he apparently had entered.

### Syrup Pepsin Helps Nature Give Relief

Try it when a Laxative is needed and see the wonderful results

IT is not necessary to take a violent physic for so simple an ailment as constipation. Yet many thoughtless parents give mercury in the form of calomel, and coal-tar in the form of phenol when a natural vegetable compound like Dr. Caldwell's Syrup Pepsin will do the work equally well and without danger. People should realize that mercury may salivate and in certain conditions loosen the teeth; that phenolphthalein, by whatever name known and however disguised in candy, may cause dermatitis and other skin eruptions; that salt waters and powders may concentrate the blood, dry up the skin and cause lassitude.

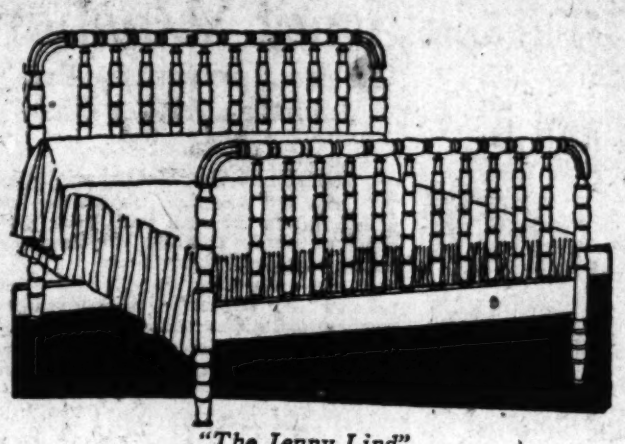

You can take Dr. Caldwell's Syrup Pepsin yourself or give it to a babe in arms, as thousands of mothers do every day, with the confidence that it is the safest and best medicine you can use for constipation and such complaints. A teaspoonful will relieve you over night even if the constipation has been chronic for years.

Dr. Caldwell's Syrup Pepsin is a compound of Egyptian senna and pepsin with pleasant-tasting aromatics, and does not cramp or gripe. Every druggist handles it, and bottles are so generous that the cost amounts to only about a cent a dose. You buy it with the understanding that if it does not do as claimed your money will be refunded. The names of all the ingredients are on the package.

Mrs. A. Arceneaux of Orange, Texas, suffered from constipation for six years and found no relief until she took Dr. Caldwell's Syrup Pepsin; and Mrs. Gus Anderson of Ball, Kans., corrected her bowel trouble so that she now eats and sleeps normally. Bring a bottle of Dr. Caldwell's Syrup Pepsin into your own home and let the family use it for constipation, biliousness, wind, gas, headaches, flatulence, and to break up fevers and colds.

TAKE DR. CALDWELL'S SYRUP PEPSIN The family laxative

Flowing Sleeves

To attempt an adequate description of these Dresses is to attempt the impossible. They are without question, SUPER Dresses. "Super" in styling, in workmanship, in beauty and in quality. Dresses which we nor anyone else could think of selling at \$25 under ordinary conditions; and only because we came to the aid of a manufacturer who was on the verge of bankruptcy were we able to secure almost unheard-of price concessions. Our advice is to buy several of these Dresses, so rare are the values.

Misses' Sizes, 14 to 18—Women's Sizes, 36 to 46

**Big Four Route**

**Change of Time**

Following urgent requests from industries and civic organiza-  
tions for immediate relief in solving the present fuel shortage,  
the Big Four has agreed temporarily to discontinue some local  
trains and consolidate others where the traveling public will  
not be seriously inconvenienced. This will facilitate the move-  
ment of coal and other necessities and take care of the heavy  
tonnage diverted to the Big Four route. No through schedules  
for mail trains are seriously disturbed. The following indicates  
temporary adjustments:

Effective Sept. 13, 1933—Trains Nos. 7 and 8 discontinued be-  
tween St. Louis and Mattoon.  
Effective Sept. 14, 1933—Trains Nos. 14 and 19 discontinued be-  
tween St. Louis and Indianapolis. Train No. 14, Knickerbocker  
express, will leave St. Louis 12:30 P. M., and in addition to present  
equipment will carry the St. Louis-Washington sleeping car.  
The detailed information call ticket office Big Four Route or  
Main Station.

**BROKERS INDICTED  
ON CHARGE OF  
EMBEZZLEMENT**

**Dr. John C. Bram Alleges  
Bowman and Cost Failed  
to Turn Over \$2666 on  
Bonds Sold for Him.**

**TWO CIVIL SUITS  
AGAINST FIRM PENDING**

**Bowman, Who Gives \$5000  
Bond, Denies Charges;  
Says Innocence Will Be  
Proved at Proper Time.**

D. Arthur Bowman of 345 Rose-  
dale avenue and Herbert W. Cost of  
5533A Cabanne avenue, who until a  
year ago composed the brokerage  
firm of Bowman, Cost & Co., with of-  
fices in suite 702-04 Liberty Central  
Building, were indicted jointly yester-  
day afternoon on a charge of embezzlement in the sum of \$2666.76.

Dr. John C. Bram, superintendent  
of the Baptist Hospital, Garrison and  
Franklin avenues, was the complain-  
ing witness.

Bowman was found by city detec-  
tives at his office after the indict-  
ment was returned, and at police  
headquarters he gave \$5000 bond.  
Speaking for himself and Cost, he  
said:

"We know that we are innocent  
of the charges alleged in the Bram  
case, and will prove it at the proper  
time."

Cost has been employed by the  
insurance company for the past  
year, but Bowman has continued to  
conduct the business under the name  
of Bowman, Cost & Co. The firm  
was established in 1912, as a co-  
partnership to deal in securities.

**Allegations of Dr. Bram.**  
Dr. Bram, in his complaint, al-  
leged that, in April, 1931, he pur-  
chased of Bowman, Cost & Co. bonds  
of the St. Louis Southwestern Rail-  
way, and that he got them at a price  
below par. In October, 1932, he re-  
turned the bonds for resale at an  
agreed figure, which was to return  
a profit to him.

He alleges that in May, 1931, he  
learned that Bowman, Cost & Co.  
had previously sold his bonds for  
\$7416.75 and had not made an ac-  
counting to him. He demanded his  
money or return of the bonds, he al-  
leges, and when he received neither  
he complained to Assistant Circuit  
Attorney Schweitzer.

Schweitzer sent for Bowman and  
Cost, it is alleged, and they are said  
to have acknowledged the obligation  
and promised to make full restitu-  
tion if given a little time.

Payments were subsequently made  
in drainage bonds to Dr. Bram,  
leaving a balance of \$2666.75, which  
he alleges is still due, and which he  
has been unable to collect.

**Two Civil Suits Pending.**  
Two civil suits are pending in the  
Circuit Court against Bowman and  
Cost. The first one, filed more than  
a year ago, is by the American Ex-  
press Co., for \$8126.66, which, with  
interest, would make the amount  
close to \$10,000. It is alleged that  
five Liberty loan bonds were deliv-  
ered to Bowman and Cost on June  
6, 1931, that have not been paid for  
in full.

At the time the suit was filed a  
garnishment notice was served on  
the Liberty Central Trust Co. against  
the account of Bowman, Cost & Co.  
or other collateral they had in the  
bank. The trust company answered  
that what money or other property  
it had belonging to the defendants  
was held subject to an indebtedness  
to the trust company amounting to  
\$23,051.64.

It was said at the American Ex-  
press Co. that Bowman, Cost & Co.  
had given checks in payment for the  
bonds that were later returned by  
the bank marked insufficient funds.  
**Suit of Chicago Concern.**  
Another suit, filed July 7 last by  
the Bolger, Mosser & Willman Cor-  
poration of Chicago, a brokerage  
concern, is based on two notes, one  
for \$9767.39, and the other for  
\$889.97, representing the balance on  
a note for \$10,657.36. Both notes were  
executed Aug. 10, 1931, and the in-  
terest of 6 per cent has not been  
paid since Oct. 31, 1931, the suit  
alleges. The defendants entered their  
appearance in this suit, but the case  
has not been pressed because Bow-  
man has been promising to make a  
settlement, according to Treacott F.  
Chaplin, attorney for the plaintiff.

Another attorney, who asked that  
his name be withheld, told the Post-  
Dispatch he represents clients with  
claims aggregating \$8000 against  
Bowman, Cost & Co., whom Bowman  
has repeatedly promised to pay and  
which he has been unable to col-  
lect.

Still another attorney has a claim  
of \$1400, said to have been given to  
Bowman, Cost & Co., to purchase  
foreign exchange in Italy, which, it  
is said, was never delivered to the  
client.

Bowman a few months ago told a  
Post-Dispatch reporter that his con-  
cern was in financial straits owing  
to the general business depression of  
a few years ago, and that the  
claims against the concern would not  
exceed \$10,000. He declared that,  
if given time, the firm could meet all  
obligations in full.

**A Real Cord Tire for Small  
Cars at a Popular Price**

The new Goodyear Cross-Rib Tread Cord in the 30 x 3 3/4  
inch clincher type is a tire that the small car owner will  
warmly welcome.

It gives him, at a price lower than the net price he is asked  
to pay for many "long discount" tires, every advantage of  
quality cord tire performance, for it is a quality tire through  
and through.

It is made of high-grade long-staple cotton; it embodies the  
reliable Goodyear quality of materials; its clean-cut tread  
engages the road like a cogwheel.

The scientific distribution of rubber in this tread—the wide  
center rib and the semi-flat contour—gives a thick, broad  
surface that is exceedingly slow to wear.

The tough tread stock in this tire is carried down the side-  
walls clear to the bead, making it rut-proof to an extraor-  
dinary degree.

In every particular it is a representative Goodyear product,  
built to safeguard the world-wide Goodyear reputation.  
Despite its high quality, and the expertness of its construction,  
it sells at a price as low or lower than that of tires  
which lack its important features.

**The 30 x 3 3/4 inch Cross-Rib  
Cord clincher \$12.50**

*This price includes usual retailer's cut*  
Goodyear-Cross-Rib Tread Cord Tires are also made in 6, 7 and 8 inch sizes for trucks

## WHAT EUROPE MEANS TO MISSISSIPPI VALLEY

Herbert S. Houston Discusses Our Interest in European Rehabilitation for K S D.

Property in the Mississippi Valley depends to a large extent upon the industrial and commercial rehabilitation of war-torn Europe, according to Herbert S. Houston, New York publisher and editor of "Our World," who has just returned from a tour of the European countries as a member of the international committee of the allied Chambers of Commerce and Industry.

The products of the Mississippi Valley have their largest market abroad, therefore, Europe must have a medium of exchange and an industrial rehabilitation, so that it can begin to buy from us in this section of the United States as well as elsewhere, Houston said.

The address in which these statements were made was given at Radio Station K S D of the Post-Dispatch and was the first radio program talk the speaker had made, he said. His subject was "What Europe Means to the Mississippi Valley," and the subject was discussed in a general way with concrete application not only to the Mississippi Valley but to the entire United States.

An International Question.

"The question of rehabilitation of Europe is an international one," he said. The question of a restoration of European credit also is an international one, and must be dealt with jointly by all the nations also. Therefore, isn't it clear that America, in her own interest, should bear a part in this co-operation?

"This question of our interest in Europe should never be a political or a partisan question. The business men and farmers of this valley should study it as an economic question that vitally concerns their own welfare. When they do, study it carefully they will insist that America conserve her essential markets by being a helpful and constructive part in world affairs."

Houston's address was in the first of the two programs broadcast from station K S D last night. In this program, which was a joint song and piano recital, a group of interesting solos was given by two East St. Louis artists, Richard J. O'Donnell, baritone, and R. Boyd Gholson, pianist.

Program Given at Midnight.

In the second program, which was given from 11 p. m. to 1 a. m., the artists were Verna Day, violinist; Mildred Milham, dramatic soprano; Marie Gardner, lyric soprano; Frank H. Papin, basso cantante; and Edgar Shelton, pianist. The program was special, in the hour, "characteristic of the program," a special extension of the night when Station K S D was formally opened, this station has seldom presented as distinguished a group of artists as those of last night's midnight concert. It was a beautiful and perfectly rendered program. The listeners in the more than 400 who were present to hear this remarkable program transmitted at an hour when there was no interference whatever. Atmospheric conditions fell into line with the rest of the evening's appointments and a perfect transmission was the result, according to reports which came in today by telephone and telegraph.

## Letters From K S D Listeners

**From Cordova, Ala.**

I was glad to hear your statement last night that in the future you would broadcast on 400 meters. I am glad to hear you up several weeks giving opera from the Municipal Theater. G. S. ELLIOTT.

**From Creighton, Neb.**

We feel we must write and tell you how we enjoy your concert program. We receive voice and music clear and loud as it could possibly be. Last night we actually heard the operator breathe. The music was grand. Keep up the good work. May a one listen in that is lifted and see a broader vision. We are a young man here last night who really felt that way.

**MRS. ED. NEHLSEN,**  
Creighton, Neb.

**From Sherman, Tex.**

I have heard K S D a number of times and every time I have enjoyed the program immensely.

**JACK KELLY,**  
Sherman, Texas.

**From Bruce, S. Dak.**

We are enjoying your program very much, and look forward to the time when we can tune in with your station. It comes in here very distinct, except when static intrudes. The crowd generally in this part of the state is not so good. A. B. PETERSON,  
Bruce, S. Dak.

**From Lake George, N. Y.**

I heard a good part of your concert with a three-tube receiving set. Lake George is 221 feet above sea level and Lake George is 20 miles up the lake. N. R. BRIGGS,  
Lake George, N. Y.

**From Camargo, Ill.**

This is to advise you that your program is being received at this time very clearly and distinct, your program is very good and we are no trouble getting it. We have some news items more than we can broadcast as we do.

## Post-Dispatch Radio Broadcasting Station K S D

Knabe Piano Used

Thursday Evening.

Address by Carl J. Bear, manager of the production department of the St. Louis Chamber of Commerce.

Song recital by Hazel Eigenbrot, contralto, and Dorothea Wilkening, soprano.

pend mostly on Chicago for our markets in this territory. We are just 180 miles northwest from your city by automobile, as I drove in from your city last Monday p. m.

HALL & SPEELMAN,  
H. D. Hall.

From Russell, Manitoba.

Your concert Saturday night was heard by me at Russell, Manitoba, which is about 1130 miles from where you were transmitting. The piano was especially good, and your announcer's voice was quite distinct. I also heard you give out the baseball results on Sunday evening. My brother, who lives in Manitoba, has heard you several times already, but this was the first time I tuned you in, but hope to hear you many times in the future.

H. R. REED,  
Russell, Manitoba, Canada.

From Virden, Ill.

We have been listening in on your concert the past two months and have enjoyed them very much. Last night when you changed the meter wave to 400 it came in plain than ever. We think the change to 400 is a great help to receiving your concert.

C. W. TAYLOR,  
Virden, Ill.

From Rosser, Manitoba.

Last evening (August 26) we distinctly heard your broadcast here. While there was considerable static that interfered a little with the names and signals we got the bulk of the program. Owing to the very clear enunciation of your announcer we got the baseball results clearly and the announcement that owing to requests you were going to give similar returns tonight at 8:15 preceded by bugle calls. When you signed off at 9:05 our time coincided exactly. Rosser is 15 miles west of Winnipeg, Manitoba, Can.

E. R. JARNED,  
Rosser, Man.

From South Lunenburg, Vt.

Wish to advise you that I received some of your broadcasting this evening, several vocal selections and the baseball scores and heard you sign off at 10:17 E. S. time.

W. FRANKLIN BELL,  
S. Lunenburg, Vt.

From Jasonville, Ind.

Just received the news over radio that you are changing your meter wave to 400 meters. Was glad to hear this as we are always wanting to listen in on K S D.

W. H. WALTERS,  
Jasonville, Ind.

From Gordon, Tex.

I have been hearing the programs you send out and they have been coming in fine on only two stages of amplification.

J. M. ODEN JR.,  
Gordon, Tex.

From Oak Park, Ill.

Please accept my congratulations on your new license at 400 meters. We shall now be able to pick you up any time instead of having to wait until after our local program.

R. I. PARKER,  
Oak Park, Ill.

From Philadelphia, Pa.

I picked up your station last evening, Aug. 10, at 11:05 daylight saving time. You were broadcasting baseball scores and in signing off said you would be glad to hear from long distance stations, hence this note. Considering I am using but one tube and the fact that two high-powered stations were working at the above hour you are certainly on your transmission. With best wishes to you, and hoping the Browns cop the pennant. I am, Sincerely,  
JAMES D. HANCOCK,  
Philadelphia, Pa.

## HARTSHORNE-MUDD WEDDING YESTERDAY

Ceremony Performed by Uncle of Bride in Church of the Redeemer, Bryn Mawr, Pa.

THE Church of the Redeemer in Bryn Mawr, Pa., profusely decorated in gladiolus, palms and ferns, was the scene at noon yesterday of the wedding of Miss Emily Borie Hartshorne, daughter of Mr. and Mrs. Edward Yarnall Hartshorne of Haverford, Pa., and Dr. Stuart Mudd of Boston, son of Dr. and Mrs. Harvey G. Mudd of Vandeventer place. The ceremony was performed by the Rev. Francis Cope Hartshorne, an uncle of the bride, of Philadelphia, Pa., assisted by the Rev. George Calvert Carter, rector of the church.

The bride and her father, who gave her in marriage, were preceded to the altar by the maid of honor, her cousin, Miss Esther Burns Weston of Philadelphia, wearing a frock of peach-colored chiffon and crepe and a large picture hat of black velvet, faced with peach-blow chiffon. She carried a bouquet of delphinium and pink roses; her sister, Miss Clementina R. Hartshorne, dressed in turquoise blue crepe, veiled in peach-colored chiffon and a black picture hat trimmed with silver and faced in chiffon to match her gown, and the bridesmaids, Miss Mary Rhodes Dodge of New York, Miss Anne C. Sharp of Berwyn, Pa., Miss Margaret Weiner of Germantown, Pa., Miss Laura Carter of New York, Miss Venetia Willard of Merion, Pa., and Miss Carol Lawrence of Catawmet, Mass. They were attired alike in frocks of turquoise blue crepe, with long flowing sleeves of black chiffon, and black velvet hats faced with black chiffon and trimmed with silver ribbons. They also carried blue delphinium and roses.

The bridegroom was of heavy ivory Canton crepe, heavily embroidered, which was worn by Mrs. Hartshorne at her wedding. It was gracefully draped and made with a long court train. The veil was of rare old lace, belonging to the bride's great-grandmother, arranged in a coronet effect and caught with orange blossoms. Her flowers were orchids, valley lilies and bridal roses in a shower bouquet. Mrs. Mudd wore a gown of gold and brown chiffon, and Mrs. Hartshorne silver gray chiffon with came through very clear and loud.

Dr. Mudd was attended by his cousin, Seelye Greenleaf Mudd of Los Angeles, Cal., as best man, and Boudinet B. Atterbury of New York; Stuart Benson Clark of Zanesville, O.; John Shepley, Elias McKinley and Samuel Becker, Grant of St. Louis; Dr. Isaac Starr Jr. of Philadelphia; Charles Hartshorne of Philadelphia; Charles H. Weston, Department of Justice, Washington, D. C., and Harold Weston of St. Hubert's, N. Y., as ushers.

A reception at the home of the bride's parents followed the ceremony, after which Dr. and Mrs. Mudd departed for their honeymoon trip. Their plans have not been announced.

The bride is a grandniece of John Lawrence Maclean and a niece of Mrs. Percival Chubb. She made her debut in Philadelphia and was graduated in June from the Lowthorpe School of Landscape Architecture in Groton, Mass.

Dr. Mudd is a graduate of Princeton University and received his A. M. degree at Washington University and his M. D. at Harvard Medical School. He has been recently elected to membership in the American Physiological Society and is now participating in the cancer research department of the Harvard Medical School.

## Society Items

Three additional dates for fall weddings are announced. Miss Margaret Jackson, daughter of Mr. Franklin R. Jackson of 10 Thornby place, has chosen Oct. 10 as the date of her wedding to Frank C. Bal. The ceremony will be performed at the West Presbyterian Church by the Rev. Dr. William Lampe at 8:30 o'clock. Over to the recent death of the bride-elect's father, there will be no reception. The members of the families and the bride party will meet informally at the home of Mrs. Jackson following the marriage. The members of the bride party are not announced. Mr. Bal is the son of Mr. and Mrs. A. D. Ball of Springfield, Mo. The engagement was announced a fortnight ago.

The wedding of Miss Frances Orrick, daughter of Mrs. Charles Orrick, and Ralph Burden Campbell will be solemnized Oct. 14 in the Grace Episcopal Church of Kirkwood, the Rev. Dr. Wilkins officiating, and will be followed by a small reception at the home of Mr. and Mrs. F. M. Hickman of Kirkwood. Miss Orrick has not selected her bride party. The prospective bride is a graduate of Mary Institute and came out informally as a maid of honor at the Villed Prophet ball. She and her mother have taken possession of their new apartment at 718 Limit avenue, and following a honeymoon trip, Mr. Campbell and his bride will make it their home. Mr. Campbell is the son of Dr. and Mrs. Campbell.

## HER ENGAGEMENT WAS ANNOUNCED RECENTLY

MISS HILDA BROWN

Mrs. James A. Campbell, 5097 Washington boulevard. He was educated at Washington University.

Another church wedding of the fall will be that of Miss Mabel Elam, daughter of Mr. and Mrs. J. B. Elam of 6027 McPherson, and Gay H. Ware, son of Mrs. Lucy Ware of Barry, Ill., Sept. 20 at 6:45 o'clock. Their ceremony will take place at the West Presbyterian Church, the Rev. Dr. William Lampe officiating. The only attendant will be Mrs. James Montell, matron of honor, and guests will include members of the immediate families. The out-of-town guests will include Mrs. Ware, mother of the bridegroom; his sister, Miss Amy Ware; his brother-in-law and sister, Mr. and Mrs. Stanley H. Lease, and his uncle and aunt, Mr. and Mrs. George L. Ware.

Mr. and Mrs. Harvey E. Brown of Ferguson have announced the engagement of their daughter, Miss Hilda Brown, to Arthur L. Skidmore. No date has been set for the wedding. The announcement was made at a bridge luncheon given about a fortnight ago by the prospective bride for 12 of her close friends. Miss Brown is a student at Washington University, and will re-enter this fall for her junior term. Mr. Skidmore is the son of Mr. and Mrs. Robert L. Skidmore, also of Ferguson.

Miss Katherine Pierce, daughter of Mrs. Lawrence B. Pierce of 18 Hortense place, will leave St. Louis about Oct. 15 for Panama for a month's visit. She will be joined by her mother at the termination of this time, and together they will go for a cruise around the world. They plan to remain away six or eight months.

Mr. and Mrs. Royall H. Switzer, 235 Westgate avenue, who have spent the past several weeks in St. Louis, will return this morning for home on the "Empress of Scotland," Sept. 7.

Mrs. Albert T. Terry of 5231 Westminster place and her daughters, Misses Elizabeth and Lucy Terry, will return this morning from Point-aux-Barques, Mich., where they have occupied their cottage for the summer season.

Mrs. Murray Carleton of 4515 Lindell boulevard and her daughters, Misses Patricia and Annie Laurie Carleton, will return Friday evening from Deer Park, Md., where they have spent the summer.

Dr. and Mrs. William Bayard Shields of 305 Westgate avenue, with

their sons, William Bayard Shields Jr. and Amadee Benoit Cole Shields, have returned from Lake Geneva, Wis. They toured Wisconsin in their automobile, returning to St. Louis via Chicago, where they stopped for several days.

Mr. and Mrs. Gerald B. O'Reilly of 1821 Waterman avenue, refused yesterday from an extensive tour of the West. They visited California, Glacier National and Yellowstone Parks, Mrs. O'Reilly's niece, Miss Louise Lynch of Uniontown, Pa., accompanied them on their trip, and will be their guest for two weeks.

Mr. and Mrs. Garfield D. Merner and family are expected in St. Louis, Sept. 20, after a year's stay in Europe. A "welcome home" party is to be given by their friends Saturday evening, Sept. 23, at the Missouri Athletic Association.

Invitations have been issued by Mr. and Mrs. C. James Simons for the marriage of their daughter, Miss Adelaide Simons, to Samuel Caldwell Mitchell, Tuesday evening, Sept. 26, at 8 o'clock, at the First Congregational Church, University Lane and Wydown boulevard. There will be a reception immediately after the ceremony at the home of Mr. and Mrs. Simons, 5254 Arundel place.

Miss Bessie McLennahan, assistant director of the Missouri School of Social Economy, who, with her mother, has spent the summer in California, will return to the city Sept. 20.

## The VOCALION

It begins where other phonographs leave off  
Ordinary phonographs merely reproduce music for you. The Vocalion does that, of course—and glowingly perfect is its music.

But reproduction of music is only the beginning with the Vocalion. Through its wonderful and exclusive device, the Grad-uola, it gives you control of the music. You have but to take the Grad-uola in your hand, and the Vocalion becomes your orchestra—you the leader.

Only by actually playing the Vocalion can you realize how gloriously fascinating music can be.

Cabinet Style Vocalions, \$45 to \$300. Art Styles, \$45 to \$2000. Convenient payment terms.

## SEPARATION OF DES PERES ITEM IN BONDS ADVISED

Law Firm Recommends Project Be Divorced From General Sewers and Sanitation Division.

Separation of the River des Peres project from the general item for sewers and sanitation. In the proposed municipal bond issue, has been recommended to the city Board of Estimate and Apportionment by the law firm of Charles & Rutherford, specialists in the legal requirements of bond issues.

The lawyers also recommend a division be made in the item of traffic thoroughfares, to avoid any legal obstacle which may arise if projects, placed under the same head in the bond issue election, should later be held by the courts to be properly distinct.

The Board of Estimate is expected to take up the recommendations in time to reshape the bond issue measure, so that it may be presented to the Board of Aldermen Friday by President Aloe, when the aldermen hold their first session after the summer vacation.

In the bond proposal, as approved by the General Council on Civic Needs, the single item of sewerage and sanitation project amounts to \$24,000,000, and includes the River des Peres improvement, which has been estimated to cost from \$10,000,000 to \$12,000,000.

In recommending separation of the Des Peres plan from the rest of the project, the law firm's statement says:

"In our opinion, the St. Louis public has been accustomed to think of the River Des Peres project as a separate entity, not connected with the general sewer system. We recommend, therefore, that the amount necessary for this improvement be ascertained, and submitted as a separate proposition.

"The Supreme Court has held that the voter is entitled to cast his ballot for or against each proposition, and that two separate projects, one of which the voter might favor and the other of which he might oppose, must not be combined in one."

The highway proposal, as it stands, is for an item of \$17,250,000 for development of main traffic streets, widening of streets, acquisition of land necessary for major thoroughfares, and lighting of such thoroughfares. The lighting system should be divorced from the rest of the proposal, the lawyers say. They also recommend elimination of the phrase "major thoroughfares." If the voters approve the issuance of bonds for street widenings and acquisition of land, it is stated, the city Government then will have the power to determine on what thoroughfares the work shall be done.

The lawyers asked for information about the proposed \$1,000,000 item for a municipal heating, lighting and mechanical building, including garage, being in some doubt as to whether this plant was sufficiently a unit to be voted on as one proposal. CITY the lawyers' test, and will not require a change.

A proposal for carrying out the River des Peres improvement by creating a special taxing district will be presented to the Aldermen, and, if enacted, this will make it unnecessary to include this matter in the bond issue. The total of the bond issue, as now proposed, including the Des Peres plan with the sanitation project, is \$77,300,000.

## Back from vacation and feeling fine!

—fine and "fit as a fiddle"—Because of country air and country fare and lots of Butter and Eggs.

Now you've got the health—keep it! Stick to Butter and Eggs. They are cheap—will be cheap all winter. But Butter and Eggs are cheap at any price, because they mean health!

Butter and Eggs are rich in the essential Vitamines. Keep on feeling good; hold the start you got this summer. Nothing will do it like eating good Butter and Eggs.

VITAMINES are the food elements which make children grow and put "pep" in men and women. They are found most abundantly in yolk of eggs and fats of milk.

#### Recipe for Eggs in "Love-Apple"

Love-Apple is the old-fashioned name for the tomato. Slice the top from a good-sized tomato. Take out the pulp and chop in one cup of cream with salt and pepper. Cover with hard-boiled eggs. Bake in the oven for 15 minutes.

When you have the Butter and Eggs you have the goodness.

## There's no such thing as a "substitute" for BUTTER AND EGGS

Authorized by THE ST. LOUIS BUTTER, EGG AND POULTRY EXCHANGE—An Association of Wholesale Dealers. Direct inquiry to your local merchant.

## HOOSIER \$1.00 Delivers Your HOOSIER

### DEMONSTRATION SALE

BECAUSE you get a fine cutlery set FREE—that's one good reason for buying your Hoosier now.

Because you can get your Hoosier for only \$1 down, balance in monthly amounts—that's another good reason for buying your Hoosier now.

But the best and biggest reason is the Hoosier itself. This wonderfully convenient Kitchen Cabinet can save so many steps for you—so much time for you—can make your kitchen work so much easier—that to put off buying it is just to deprive yourself of ease and comfort that might as well be yours.

Get your Hoosier now—and enjoy life more.

Just one dollar down, the rest in convenient monthly payments.

Surely you can afford a Hoosier on that basis.

### The Work Table Adjusted to Your Height

The Hoosier is the only Cabinet that gives you a work table just the right height for you. Working at a table that's too high or too low is tiresome and injurious. The Hoosier's "just-right" table saves you from a backache.

### Glass Food Containers

Your Hoosier comes equipped with fourteen handy crystal glass food containers. There are four large bulk food jars, seven smaller containers and three other containers for coffee, tea and sugar. All are airtight.

PART THREE

ST. LOUIS, WEDNESDAY EVENING, SEPTEMBER 13, 1922.

## WHAT DID YOU SEE TODAY?

**Volunteer Reporters Tell the Post-Dispatch of the Interesting, Unusual and Often Humorous Incidents They Encounter.**

In a few days straw hats will be a proper subject for notes in the What-Did-You-See department. But last week, mid-summer put up a gallant attack on approaching autumn, and electric fans ran all night in some of our leading homes. Try some of the following items on your piano to the tune of "Good Old Summer Time" or "Good-by, Summer."

### OUT OF FRYING PAN.

On Thursday morning, one of the hottest days of this summer, I noticed the entire office force standing in front of a building on Main street. I was informed that the heat had affected the janitor to such an extent that he had made a fire in the furnace to burn up the rubbish, and the employees had to stand out in the sun to cool off.

**EDWARD SPIESBACH,**  
1100 Cleveland avenue, East St. Louis.

### AND NO SHADE.

I saw a little boy pulling two little girls on a sled, with the thermometer at 100 degrees in the shade.

**HAROLD FREUND,**  
(Credit Post-Dispatch Milk and Ice Fund.)

### HOME NATATORIUM.

I saw a woman attach a bath in the Government kiosk in Wichita.

climb to 108 I happened to glance at a street car which carried this advertisement "Christmas will soon be here. Be prepared. Have your photo taken now."

**H. OSTER YOUNG,**  
5725 Westminster place.

### READY FOR FALL.

With the thermometer around 98 in the shade, I saw a feeble colored man wearing a heavy winter overcoat as he walked slowly down the street. The coat was tightly buttoned. A heavy pair of shoes and a black felt hat finished off this peculiar summer attire.

**JACK WM. McRAE,**  
5588 Chamberlain av.

### EFFICIENCY.

At a steel plant I saw an overhead crane of 50-ton capacity carrying a dime's worth of ice. It was done very easily.

**J. H. RATH,**  
4181 Donovan av.

### ICE GIVEN AT CHURCH?

Coming from church Sunday, I saw a man weighing 200 pounds at least, holding a child's umbrella over him and carrying a 10-cent piece of ice.

**MILDRED DOLIS,**  
4339 Wallace av.

### EXERCISING THE ICE.

The other day—a hot one—I saw a man going up Sullivan avenue dragging a 50-pound block of ice at the end of a rope. The "missus" missed the ice man, evidently.

**E. J. DAVIS,**  
2718A Sullivan av.

### COOL COUCH.

I saw an ice wagon stop in front of a house. The driver went in and when he came out he had a mattress on his shoulder, which he placed in the wagon on top of the ice. Was he

cooling his bed for the hot night to come?

**MARIE RALL,**  
2845 Nebraska av.

### RUB-A-DUB-DUB.

**W. K.,** 4643 Pershing av.

### LONG-HELD WANT.

On one of last week's hot days a man who was sprinkling his lawn told several passing kids that if they returned soon in bathing suits or in old clothes, he would give them a shower bath with his lawn hose. About two hours later several cops came to investigate what appeared to be, from a distance, a riot, for the number of the man's guests had grown to half the neighborhood.

**R. BOCKSTRUCK,**  
2925 Union boulevard.

### ENTOMOLOGICAL NOTE.

A few days ago, at the crest of the hot wave, thousands of tiny worms began to come out of some over-stuffed living room furniture that I purchased last winter, wriggling their way through the tapestry. About an hour after each worm liberated itself, a strange metamorphosis took place—it would turn into a hopping bug that resembled a flea. The furniture people sent the furniture back to the factory. It was their theory that some kind of eggs had been laid in the material with which the furniture was stuffed, and that the hot wave hatched them.

## Fine clothes demand time in the making

**\$45 to \$60**

For a man's fall suit of fine woolens, custom tailored.

It is not alone time to be thinking about a new suit for fall—it is time to be ordering it. To hand tailor a man's suit from individual measurements is an accomplishment that takes time.

But custom tailoring is the best way, really the one right way for the man who looks upon his clothes as more than merely a covering. Custom tailoring and the selection of fine woolens, both domestic and foreign, at the modest price range of forty-five to sixty dollars, surely even the most economical man can now have the finest of clothes.

## Women Who Care

Now beautify teeth in this way  
Millions of them—the world over

Careful people, well advised, now use a new teeth-cleaning method—millions of them in every clime, and largely by dental advice.

Beautiful teeth you see everywhere show the results of this method.

It is something you should know. Learn what it means to you and yours. Make this free ten-day test.

### Combats the dingy film

It is film that makes teeth dingy—that viscous film you feel. It clings to teeth, enters crevices and stays. Food stains discolor it, then it forms thin cloudy coats. Tartar is based on film.

The ordinary tooth paste does not end film. So most teeth, in the old days, were more or less discolored.

Film also holds food substance which ferments and forms acid. It holds the acid

in contact with the teeth to cause decay. Germs breed by millions in it. They, with tartar, are the chief cause of pyorrhea.

Thus most tooth troubles are now traced to film. Under old methods, they were constantly increasing. The most careful people rarely escaped.

### Two combatants now

Dental science, after long research, has found two film combatants. One acts to curdle film, one to remove it. Able authorities have amply proved their efficiency. Now leading dentists the world over are urging their daily use.

A new tooth paste has been created, based on modern research. It brings five effects now considered essential. It avoids several old mistakes.

This tooth paste is called Pepsodent. And these two great film combatants are embodied in it.

### Other desired effects

Modern research has found other things essential, and Pepsodent brings those effects.

It multiplies the starch digestant in the saliva. That is there to digest starch deposits on teeth which may otherwise ferment and form acids.

It multiplies the alkalinity of the saliva. That is there to neutralize the acids which cause decay.

Thus Pepsodent gives manifold power to Nature's great tooth-protecting agents. It polishes the teeth so film less easily adheres. Old-time tooth pastes, based on soap and chalk, brought just opposite effects.

In these ways, Pepsodent is bringing a new dental era. Already it has brought to millions whiter, cleaner, safer teeth. The peoples of fifty nations are being taught to use it. And their children will get life-long benefits which your childhood missed.

**Why Men's Teeth**  
Glisten everywhere today

The film on teeth of men who smoke becomes especially discolored. But note how men's teeth glisten everywhere—men who remove the film. Note how men and women, when they smile, are showing pretty teeth. These are Pepsodent effects, now attained by millions, largely through dental advice. They do not come by scrubbing teeth in any harmful way, but by scientific film removal.

**Pepsodent**  
The New-Day Dentifrice

Now advised by leading dentists the world over

## Very Interesting!

We made a purchase of 7 loaves of bread from 7 different large St. Louis Commercial Bakers.

These 7 loaves each weighed differently—not one of them weighing as much as Country Club and each costing more. The 7 loaves ranged from 12c to 15c in cost for 24 ounces.

When you consider that Country Club Bread weighs 24 ounces and sells for 7c, the great value Kroger offers is quite evident.

# KROGER Has Cut the Price of COUNTRY CLUB MILK

# BREAD

To the Lowest Figure Since 1914!

**24-Oz. 7c**  
Wax Paper Wrapped  
**LOAF**  
or a 1½-lb. loaf genuine Rye Bread

And regarding quality, Country Club Milk Bread has no superior! Every loaf is perfectly baked—rich, golden-crust, healthful.

Only the finest ingredients are used in the making—pure lard, best flour, fine milk, granulated sugar, best salt and Fleischmann's yeast.

Try this big, generous loaf. There's health, energy and stamina in every bite.

We've also reduced the price of our smaller loaf.

**2—12-Oz. Wax-Paper Wrapped Loaves for 7c**

## Additional Sporting News

Sisler's Right Arm Immobilized;  
Browns' Star Should Not Return  
To Game for Week, Doctor Says

World's Greatest First Baseman, Suffering From Severe Strain of Deltoid Muscle, Insists That He Will Be Back in the Game When the Yanks Come for Series Next Saturday.

By John E. Wray.

Sports Editor of the Post-Dispatch.

When Dr. Robert F. Hyland, United Railways surgeon and long-time friend of George Sisler, completed a second examination of the injury to the Swat King's shoulder, last night, he broadcasted some extremely unpleasant news for friends of the hard-fighting Brownie. He said:

"Sisler is suffering from a severe and extremely painful strain of the deltoid muscle of the right shoulder, which he experienced in Monday's play against Detroit. Movement of the arm caused him so much misery that I immobilized the arm and shoulder in tape and have ordered him to keep it so for one week.

"Sisler does not think his injury is of much consequence. He would like to try playing in two or three days. If he does it may make his trouble worse. I feel that Sisler will be very fortunate to completely recover before the close of the season, although he doubtless will try to play. For one week it is certain that he ought not to attempt anything on the ball field; but I guess he will try to get into the Yankee series, despite all advice."

Sisler was feeling all right, this morning, after a conference with his physician, and said he was confident all soreness would be gone by Saturday.

Sisler injured himself Monday in the seventh inning, on a play to get Ty Cobb at first. Sisler stretched too far, after Gerber's throw, and fell forward on his shoulder, bruising the muscle severely, although he played out the game.

Sisler was the focus of real anxiety at Sportsman's Park, yesterday, when he failed to appear at game time. No word had been received from him by club officials and it was feared he had been hurt. Jacobson was sent to first base and Shorten to the outfield, and the game went forward. Sisler soon put in an appearance and explained his failure to appear due to unavoidable delay in reaching the park. He also told about the condition of his arm and the examination by his doctor. He was not permitted to take his place at first base.

## Crowd Calls for "Sis."

The crowd in the grandstand was mystified and perturbed. Shouts of "What's the matter with Sisler?" "We want Sisler," were yelled in chorus. But at first even Manager Hill and Bob Quinn were unable to give an explanation. No word was any announcement made.

Dundee Calls Off  
Title Match With  
Champion Kilbane

Featherweight King Announces  
Failure of Negotiations, Due  
to Commission Ruling.

By Bert Igoe.

The Post-Dispatch's Eastern Boxing Authority.

NEW YORK, Sept. 12.—Johnny Dundee, in Cleveland, yesterday announced that the bout between himself and Johnny Kilbane has been called off. The bout was scheduled for the Boyle's Thirty Acres but when the New York Boxing Commission notified Dundee that he would be suspended if he entered into a match with Kilbane, he withdrew from further negotiations.

Kilbane has been quietly training at his home in Loraine, O., waiting for a fight with a K O on the Panama Villa and Johnny Buff out, scheduled for Ebbets Field, last night, and the bout will now go over until tomorrow night.

The officials at Ebbets Field decided to call off the bout when it was found that it would be impossible to bring the field out by right time. Buff, who has prepared himself at White Sulphur Springs, came down from Tom Luther's place yesterday ready to weigh in and whop. He decided to remain in town until fight time.

New Star in Gotham.  
Say what you will, there's a thrill in a knockout. No prettier one ever. Dundee on Monday night. Swift as a dart went Sullivan's hard fist against little Sam's jaws in the third.

Hard body punch had brought Dundee's defense down and there Sullivan popped him with the first round. A second one followed as Dundee's eyes got every which way, toward the ropes. Sullivan landed it short—not more than 6 inches, and Selger went through the ropes and pinwheel. He lay on his back as a rock, but at the 10th round, Artie McGovern, repeated the feat of the official tollman, Selger and his head up a trifle and asked: "What's the count, Mister McGovern?"

One, game, but totally unable to move a muscle of his body. When he carried Sam to his corner he was out of the ring if his benchman had not bay-hooked him. Dundee Sullivan is a nice, straight-fighting fighter, with a sting in his hand. A new attraction and

Pikeway Football  
Eleven to Begin  
Practice Friday

Only Six Letter Men Expected to  
Report for Team Tryouts  
This Fall.

Coach George L. Rider of Washington University has sounded the clarion for the first pikin practice with the aspirants and coaches to get underway for the coming season at 2 p. m. Friday at Francis Field.

Coaches Rider and Applegran will have to rely for the most part on talent from last year's Frosh squad, as only six letter men are expected to report. Capt. Denny will be on deck for a tackle position, and Dougdale, Thumser and possibly Al Schnaus will try for the wing jobs. Earl Mathes and Oscar Claypool will return as the regular backs. Koch, who has not been in the game since he received an injury two years ago, is also expected to don the jersey and padded pants.

Many Stars From Frosh.  
Rider has an abundance of yearling team material to choose from. Paul Weber, the track star from Centralia, Searcy and Jerry Hutton will try out as ends. Lyle, the Kansas City star from Westport High, will essay as quarterback. Walsh will try as quarter or halfback. Other backfield men include: "Fat" Green, the Webster Groves satellite and captain of the Frosh bridge; Sid Weber, the four-letter man from University City High; "Spaggett" Maguilo, Senne, Fritz Wagner, Tancil and Forgythe. As linemen, principally guards, Gregg, Peters, Morton, Gould, Singer, Baldwin, Roy Johnson and Paul Well, the Soldan star, will report.

The number of candidates will be increased when the term commences. Registration starts on the 18th, but the first classes do not assemble until the 28th.

Many Coaches Available.  
The coaching staff will include, beside Rider and Applegran, Davis, Eilers and Summers as assistants. W. S. Brown, the swimming mentor, who has been attending the summer coaching school at the University of Illinois, will also aid in instructing the lads from the hilltop.

The school with the Christmas colors will have one of the finest sets of football equipment in the Valley. The gymnasium, which has been improved to the extent of \$10,000, now contains 15 showers and commodious locker rooms. Coach Rider was busy yesterday afternoon supervising the construction of another pair of uprights to support a dummy so the candidates this year will practice nose dives on a brace of rag babies.

Sisler's record for the year, if closed today, would entitle him to the proud post of the leader of the American League for all time. His percentage is .424, which is two points better than Lajoie made in 1901 and four points better than Cobb's figure in 1911.

Sisler is leading in stolen bases today with 48 and in total runs with 125. His figures lead both leagues in this respect. Too bad that, with full steam ahead toward establishing even greater marks, his activity should be even temporarily interrupted.

GOLF PROFESSIONALS TO  
SPEAK AT BANQUET  
TO CHAMPION HELD

Eddie Held, Forest Park golfer who won the national public links championship at Toledo recently, will be tendered a banquet at Caffarelli's this evening. Mayor Kiel, Park Commissioner Page, Nelson Cunliff and other city officials will attend.

A novel feature of the testimonial will be a series of instructive addresses by golf professionals. Jack Burgess, St. Louis Country Club, will speak on "How to Correct Slicing"; Ray Cole, Sunset, "How to Put"; Charles Clarkson, "How to Correct Hooking Your Drive"; Jim Fairman, Riverview, "How to Correct Toppling"; E. Duwe, Forest Park, "Approaching"; John Manion, Sunset, "The Driving Iron"; Sandy Auchterlonie, Normandie, "Mashie Shots"; Louis Hamel, North Hills, "Pivoting." Reservations for the dinner may be had by telephoning M. C. Maller, the Lindell Pavillion in Forest Park, Cabany 4167.

WEATHER SPOILS SCORES  
IN TRAPSHOOTING EVENT

By the Associated Press.  
ATLANTA, CITY, N. J., Sept. 12.—Bad weather yesterday prevented carrying out the full program of events scheduled for the second day of the American championship trapshooting tournament. One hundred and twenty-five amateur trapshooters had entered for the doubles championship and 25 professionals for the professional doubles title. All morning the rain fell heavily at intervals, and at noon all shooting was stopped. Scores were very low owing to the rain and wind; R. A. King of Delta, Colo., winning the title and first honors with 176 out of 199 doubles. Phil Miller of Dallas, Tex., who won the 18-yard championship yesterday, and Frank Hughes of Morridge, S. D., tied for second with 169. Frank Troesh of Vancouver, Wash., being fourth with 164.

DIXON'S  
677

the world knows they need 'em around here.

Good Night, Mr. Barrett.  
While New York was uncovering a knockout artist, Quakertown was doing the same thing in Sid Marks. He bowled over Bobby Barrett in a minute's time. Lew Tendler and Charlie White burned up nine rounds between them in accomplishing the same end for Barrett.

Marks was the lad, a Canadian, by the way, who was mailed to box Willie Jackson, after Dundee was forced to withdraw because of illness. The Canadian crew were offering to take 2 to 1 that Marks would stop Jackson. That's never been done, so far as Jackson is concerned, and there is no good reason to believe that even a bitter like Marks can plant it on him.

Now there will be a race between Dundee and Jackson to get Marks. The Canadian wakes up to find himself in the same boat with Kid Sullivan—a live box office attraction.

## GRAIN PRICES ARE MIXED AT CLOSE AFTER EARLY UPTURN

ST. LOUIS, Sept. 13.—The official report of the grain market today was mixed, with a slight upward trend in the early morning hours. The market was generally quiet, with prices for wheat, corn, and soybeans showing minor fluctuations. The official report indicated that the supply of grain was adequate, but the demand was still strong, particularly for wheat. The market was expected to remain quiet for the remainder of the day.

### ROSENKRANZ INDICTED IN FATAL AUTO CASE

Manslaughter Charge Against Paroled Convict in Connection With Death of Woman, 79.

An indictment charging manslaughter and feloniously leaving the scene of an accident was returned by the grand jury yesterday against Herman Rosenkranz, 36 years old, of 5439 Missouri avenue, in connection with the death Sept. 4 of Mrs. Margaret Reinerman, 79, of 2842 Lemp avenue. Rosenkranz is a paroled convict, having been released from the State Penitentiary in March, 1919, after serving six years of a 25-year sentence for murder.

Mrs. Reinerman was knocked down and injured fatally Aug. 28 by an automobile at Spring and Gravois avenues, when she stepped into the street to hail a street car. The driver fled. The machine was traced to Rosenkranz through the license number. Rosenkranz declared the automobile had been stolen from him shortly before the accident. Tomatoes and eggs from a basket Mrs. Reinerman was carrying were splattered over the machine and driver. Police who visited Rosenkranz's home said his wife told them Rosenkranz had returned home and changed his clothes soon after the time reported for the accident. The police obtained from her a cap and shirt bearing what appeared to them to be stains of eggs and tomatoes.

The grand jury did not indict Dr. Alvin O. Minges, a dentist, 3816 Humphrey street, who was held by the verdict of a coroner's jury on a charge of criminal carelessness in connection with the death of Bernice Owens, 10, daughter of Patrolman Frederick Owens of 5235 Reber place. The child was run down and killed almost instantly Aug. 29 in Columbia avenue, near Herford street. At the inquest witnesses testified the girl was struck when she started to run across the street to board a truck.

## Father John's Medicine

### Builds You Up

For Colds, Bronchitis, Asthma, and all throat troubles.

No Alcohol or Dangerous Drugs

### At the first sign of skin trouble apply Resinol

It improves a poor complexion and preserves a good one, so that you need no artificial means to enhance your attractiveness.

At the first sign of skin irritation, of a blotch or a pimple, itching or burning, apply Resinol Ointment, and see if it doesn't bring prompt relief. It contains harmless, soothing balsams, and is so nearly flesh-colored that it may be used on exposed surfaces without attracting undue attention.

### RESTRICTION OF IMMIGRATION PROPOSED AT UNION CONVENTION

By the Associated Press.  
ATLANTIC CITY, N. J., Sept. 12.—Resolutions favoring the restriction of immigration and urging establishment of a school financed and operated by the union to give instruction to members and apprentices in the operation of typesetting machines were presented at yesterday's session of the International Typographical Union in annual convention. The immigration resolution offered recites that "the violence prevailing in different labor strikes throughout the country is due largely, if not solely, to the foreign element that has steadily invaded the ranks of labor until it has become a menace."

Another resolution would establish the 48-hour week in daily newspaper offices. It also would provide that not more than 44 hours shall constitute a week's work in daily newspaper offices operating a commercial department where journeymen are required to work in both newspaper and commercial departments. Weekly newspapers and commercial offices also would be forced to observe the 44-hour week. A similar resolution has been defeated several times.

Resolution Against Sawyer.  
By the Associated Press.  
BARTLESVILLE, Ok., Sept. 12.—Resolutions demanding the removal of Brigadier-General C. E. Sawyer as chief co-ordinator of the Government's rehabilitation work among disabled ex-service men and demanding also the removal of S. P. Cohen and S. C. Kile, officers in charge of the Fourteenth District Headquarters of the United States Veterans Bureau, at Dallas, were adopted at the annual convention of the Oklahoma department of the American Legion yesterday.

Two Aviators Killed in Crash.  
By the Associated Press.  
TULSA, Ok., Sept. 12.—Tommy (Pearce) Tucker, 18 years old, well known amateur flier, and Archie J. Stowell, 28, professional aviator, were killed instantly late yesterday when their plane, piloted by Stowell, fell 350 feet, crashing into a pasture near here.

### ONLY in 5 ESCAPES

At the first sign of bleeding gums, be on your guard. Pyorrhea, destroyer of teeth and health, is on the way. Four persons out of every five past forty, and thousands younger, are subject to it.

## THE HOME KITCHEN

By JEANETTE YOUNG NORTON

The Authority on Home Cooking

Valuable Facts About the Use of Fats in Cooking

IN olden times, fats were obtained from two groups of farm animals, pigs and cattle, and each family made its own lard, which was the chief cooking agent.

Today we have a wide choice of fats in pails, bottles and packages, and if we know a little about their natures we can decide which will best serve our needs.

Beef fat, owing to the large amount of stearin it contains, is a hard fat, and has a flavor disliked by many people, yet when rendered for dripping it makes a fairly good frying agent. One part of beef suet to two parts of clear chicken fat, rendered together in about a half-cupful of milk with a half-teaspoonful of salt, carefully strained through cheese-cloth, when done, makes a wonderful frying fat.

Mutton fat or tallow is also classed as a hard fat, and is used widely in soap making, and the oil is also employed in making the lower grades of oleomargarine. It is used but lit-

tle for cooking. Oleomargarine, which is today a good, clean fat, is not as popular here as it is in Europe. Vegetable fats have one advantage in cooking, they do not retain flavors, and they cook away but little at each using, so they may be strained and used again.

Peanut oil is colorless and almost tasteless, so it is used frequently to adulterate the more expensive oils. Cottonseed oil sold at its best, today, under a well-known trade-name, is used freely for frying purposes, and also in salad dressings, and it is cheaper than the fine grades of olive oil. Corn oil is seldom used in the household, though bakeries make some use of the product.

But butters are still in their infancy, except, perhaps, peanut butter, and do not figure much in ordinary cookery. Coconut oil, after processing, is solidified, and when sugar is added it is used for the filling of some of the sweet crackers or tea biscuits, so-called. There is

nothing better than one part of pure, white lard to two parts of butter for pie crust such as our grandmothers made, though there are a number of prepared fats widely used by modern cooks, and of these the preference is for vegetable fats.

The use of too much fat for shortening is extravagant, wasteful and unhealthy. Just what the recipe calls for is always sufficient. Each fat used for deep frying requires its own temperature to prevent the food from taking up the fat, and vegetable fats require a higher temperature than animal fats. There is less danger of the fat being too hot than of its being too cool. A way of testing fat is to drop in a one-inch cube of bread, then see how long it takes to brown.

In sauteing or pan-frying, there is less danger of the food absorbing the fat, for it cooks on the fat rather than being immersed in it as in deep frying.

### MALTED MILK AND EGG

(Individual portion.)

MIX together one tablespoonful of the milk powder, one tablespoonful and a half of well sweetened crushed fruit, a few grains of salt and a beaten egg. Beat the mixture for three or four minutes and add 20 drops of acid phosphate, one tablespoonful of cracked ice and three-quarters of a cupful of food carbonated water.

## Love Letters That Made History

By JOSEPH KAYE

Bobbie Burns to Mrs. McLehose

(Copyright, 1932.)

BOBBIE BURNS, the national poet of Scotland, had his own ethics where love was concerned. He applied the same principles to the cup of good cheer. The following letter is therefore surprising in its note of naive passion. It is the restless expressions of a youth who has looked into a pair of quietish blue eyes with thrilling fear and trembled at the rosy blush on a fair cheek.

This letter is marked by a total absence of the Scotch idiom, which has made his poetry so beloved:

"I am a discontented ghost—a perturbed spirit. Clarinda, if you ever forget Sylvander, may you be happy, but he will be miserable."

"Oh, what a fool I am in love! What an extraordinary prodigious affection! Why are your sex called the tender sex, when I never have met one who can repay me in passion? They are all either not so rich in love as I am or they are niggards where I am lavish."

"Oh, Thou, whose I am, and whose are all my ways, Thou hast me here the hapless wreck of tides and tempests in my own bosom; do Thou direct to Thyself that ardent love for which I have so often sought a re-

turn, in vain, from my fellow creature! If Thy goodness has yet such a gift in store for me as an equal return of affection from her who Thou knowest, is dearer to me than life, do Thou bless and hallow the bond of love and friendship; wait over us in all our outgoings and in our comings for good, and may the tie that unites our hearts be strong and indissoluble as the thread of man's immortal life. SYLVANDER."

### VEGETABLE SOUP

ONE-HALF cup carrots, sliced and chopped; one-half cup turnips, finely chopped; one cup celery, cut in small pieces; one cup potato, cut in small cubes; one onion, sliced; four cups water; four tablespoonful butter or butter substitute, one teaspoon chopped parsley, salt and pepper. Prepare vegetables before measuring. Melt butter, add vegetables except potatoes and cook over a low fire about 10 minutes stirring often. Add potatoes and water and simmer about 40 minutes or until vegetables are tender. Add parsley and serve.

### For the Housewife's Scrapbook

INSTEAD of melting the butter when mixing a cake warm the sugar (this is most safely accomplished in the double boiler.) The mixture will cream just as quickly and the cake will be light.

If you are using sour milk for a cake dissolve the soda in this and beat well with the egg beater. This will help in producing a finely grained cake.

You can warm up a roast without having it become dry and tasteless if you wrap it in thickly greased paper and keep covered while in the oven.

Feathers can easily be transferred from one pillow to another if the ends of each pillow are ripped in equal lengths and the openings of the two are basted together. Absolutely no feathers will escape by this method and there will be no mess to brush up.

Use a small brush to remove the crumbs from the electric toaster daily. You are apt to break the asbestos by the methods usually employed.

Eggs cooked just below the boiling temperature are more palatable. They have a softer texture than they do when cooked at the boiling point and are also more easily digested.

WHEN you iron long curtains try folding them over once. They can be more easily handled and will be even. A crease can be avoided by not ironing quite up to the edge of the fold; then, after the rest of the curtain is ironed, this narrow center strip can readily be ironed by loosely folding the curtain a few inches from the original fold.

When white blouses, undies, handkerchiefs etc., lose their perfect whiteness, boiling them for 20 minutes in water to which has been added cream of tartar will restore their original color. Use one teaspoonful to a pail of water. More can be used if the articles are badly discolored.

If you are in a hurry for the vegetables, add a pinch of soda to the water when cooking them. It will not affect the taste of the vegetables and will hasten the cooking process.

Mildew will disappear if you rub the spot well with good laundry soap.

When nothing else will remove the discolorations in the bathtub, sink or toilet basin, try muriatic acid. It will remove the spot at once, but must be thoroughly rinsed off immediately with clear water. If used too profusely it may remove the enamel finish.

## PURITAN MALT

### Hop Flavored Sugar Syrup

## FREE

Here is the Puritan's great, profit-sharing plan:

For every fifteen Puritan Labels that you turn in to your Dealer during the months of September and October, your Dealer will give you one full sized can of Puritan Hop Flavored Malt Sugar Syrup ABSOLUTELY FREE.

Puritan is by far the largest Malt Extract Company in the world. And this offer in the total amounts to over seven per cent of the entire Puritan profits distributed amongst Puritan users.

### Save Your Labels

Puritan is conceded to be the richest Malt Sugar Syrup made anywhere in the world.

You are going to buy some Malt Extract. Puritan is the richest. So buy Puritan; save the labels and share in the profits as well.

## A new use for Lux

Brings longed-for relief from the three-times-a-day reddening of the hands

INTO the dish pan three times every day—washing with harsh soap—naturally your hands redden and grow coarse.

Don't let them show tell-tale traces of dishwashing.

Wash your dishes with Lux. It gets the china sparklingly clean and it preserves the softness, the delicate texture of your skin.

Women themselves discovered this use for Lux. Women who for years had been getting such satisfaction from Lux for silks and woolens tried it for washing dishes.

Thousands of letters have come in to us saying that Lux suds leave your china beautifully clean and at no cost to your hands, and asking us why we never mentioned it.

Lux contains no free alkali or any other harmful ingredient. It is as easy on your hands as a fine toilet soap.

Start using Lux today for washing dishes. Lever Bros. Co., Cambridge, Mass.

Just a tablespoon to a pan. A single package does 44 dishwashings—all the dishes for more than two weeks.

# LUX

FOR WASHING DISHES

Lux leaves your glassware sparkling without a trace of soap film—your silver shines, your china is lovely clean.

Sport Salad  
by L. C. Davis

## OLD RHYMES REVAMPED.

MAUD MULLER on a summer's day  
Laid her well-known rake away.

She placed her ball upon the tee  
And said, "No raking hay for me."

"Some unsophisticated lass  
Can have my job of cutting grass."

"Hereafter I'll confine my sport  
To pastures where the grass is short."

"And hear the galleries applaud  
The nifty work of little Maud."

And so no sooner said than done—  
Maud Muller made a hole in one.

A millionaire came riding by  
And viewed her with approving eye.

And when he saw that wondrous shot  
He married Maud right on the spot.

From which this moral we can take:  
The driver's mightier than the rake.

## IT AUGURS WELL.

Two of the Browns "farms." Mobile and Terre Haute, have already won the pennant while a third, Tulsa, is practically in. Get out your augurs and augur on that.

With J. Barnes and V. Barnes in the lineup it looks like the Giants are all set for a little barnstorming this fall.

If there is anything in a name those six-meter yachts should be unusually fast.

## A PINK TEE.

THERE was a fair golfer named Spink. A 20-foot putt she could sink. Though she played a fair game. This society dame insisted the tee must be pink.

## PLEASE REMIT.

"Bill for 25 New Federal Judges Sent to Harding."

Harding will o. k. the bill and Uncle Sam will pay it.

Former Premier Clemenceau says

the time has come to talk plainly to the United States. Better stay at home, Clem. and talk turkey to the Turks.

Henry Ford has ordered his organization to go on the water wagon or cease their part in the fabrication of the justly famous T. L. Henry holds with other eminent authorities that hooch and gasoline make a dangerous combination.

The man on the sand box says it's a poor rule that doesn't work both ways. Even ground rules.

If the tensile strength of a concrete floor will stand the weight of an elephant it ought to look pretty safe for the largest family to move in.

To test the digestibility of foods Government experts have developed an artificial stomach that imitates the work of the human organ. Wonder if you can get an ache out of it.

## MY FAVORITE STORIES

By IRVIN S. COBB.

## THE VALUE OF A GOOD MEMORY.

WHEN Rhinelander Waldo was Fire Commissioner of New York and when Edward Croker was Fire Chief, Croker volunteered one day to take Waldo for a ride down Broadway in his famous 90-horsepower red automobile, which he used when going to fires. Waldo's secretary, "Winnie" Sheehan, who's now a movie magnate, went along, too.

Waldo owned a number of brisk-moving cars himself and thought he knew something about speed, but he had never traveled with Croker. They ped down Broadway at a terrific pace, shaving trolley cars, slicing turbot and avoiding collisions with trucks by quarter-inch margins.

At Canal street a block compelled Croker to slow down. Instantly Waldo jumped out of the car and, muttering something about having forgotten something, dove into the nearest building. About then, Croker decided to call up fire headquarters and he, too, went away temporarily, leaving his dare-devil chauffeur and the yet breathless Sheehan in the machine. Croker returned to find only the chauffeur.

"Mr. Sheehan said for you to go ahead and have your ride out," stated the chauffeur. "He said he'd just remembered the same thing that Mr. Waldo did."

## DIETS and RIOTS

By "BUGS" BAER

DIFFERENCE between men and women seems to be mostly food. Women are always dieting. When they're thin they want to be fat.

When flapper eats alone she's dieting to be thin. When she grabs some Goodtime Charley to lunch dinner check she suddenly decides to put on some weight.

Lamp any woman eating alone. One toothpick and glass of water to wash it down. Sometimes she orders Boston baked and leaves one bean on plate for tip to waiter.

But when she puts on nosebag with Charley she sharpens up her teeth and pins back her eyes. Food panic is on.

She makes round trip on menu and then takes excursion through desserts. She complains about her appetite before dinner. Charley complains about it after dinner.

Men are never on diets. They eat everything they can reach and tell waiters to mail 'em rest of it. They get happy dyspepsia, chronic indigestion, but they never surrender, and sink with all quarantine flags flying at half mast.

When they're married, Louise cooks for Charley. Way to reach man's heart is through his stomach. Way to reach his stomach is through his gastritis. She makes sirloin steaks and gives him dull knives. He sharpens his knife on sirloin steak. If they eat in restaurant, when check comes around he's wearing boxing gloves. All chivalry is gone.

Eating is lot of trouble and it makes more.

Everybody in world should fast for 48 days and give their grouches time to catch up to their indignation.

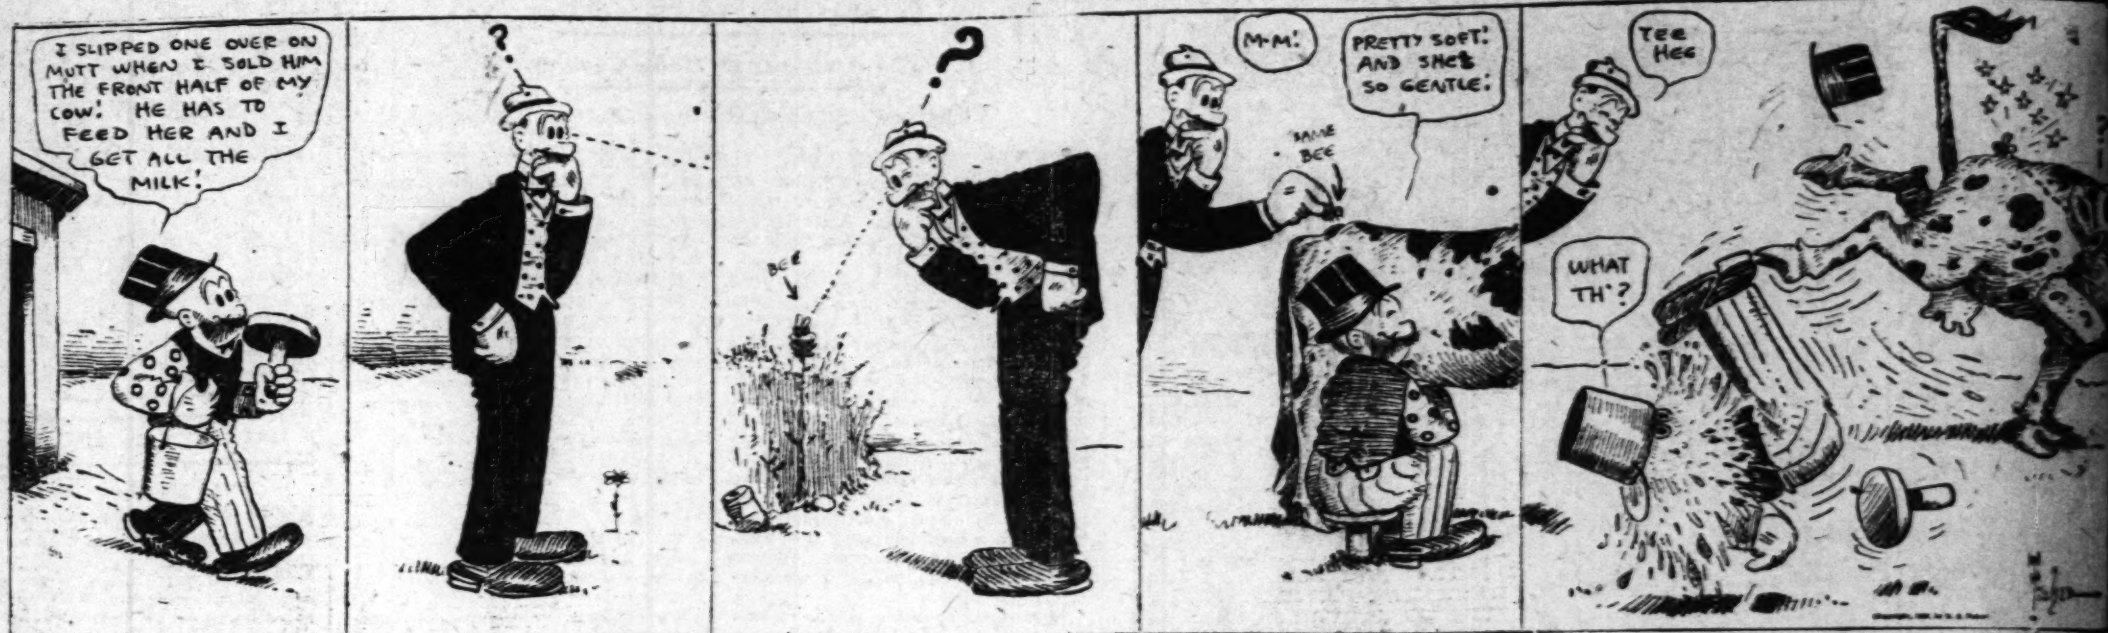

Everybody in world should fast for 48 days and give their grouches time to catch up to their indignation.

Everybody in world should fast for 48 days and give their grouches time to catch up to their indignation.

Everybody in world should fast for 48 days and give their grouches time to catch up to their indignation.

## THE POWERFUL KATRINKA—By FONTAINE FOX

(Copyright, 1922.)

THE POWERFUL KATRINKA SAVED A NICKEL BY SENDING HER BAGGAGE ON AHEAD OF HER.

The Associated Press. AKRON, O., Sept. 14.—The army dirigible C-2 arrived at the Wing at Lake Aerial Station, near here, 11:55 a. m. The big airship was hoisted at the hangar there and then landed for luncheon. Officers of the craft told of an interesting stiff winds at daylight. The ship made good headway, being direct from Langley Field, Va., in approximately 11 hours. The C-2 is attempting the transcontinental flight of a dirigible. Its destination is Los Angeles. Mayor D. C. Rybolt and City Administrator Tucker led a delegation of city officials who greeted the airship on landing. It was announced that the airship will depart for Dayton at 5 a. m. tomorrow.

The Associated Press. NEWPORT NEWS, Va., Sept. 14.—The army dirigible C-2 left Langley Field at 12:35 a. m. today on an experimental flight to California. The flight will be via Scott Field, Ill.; Fort Belvoir, Mo.; Santa Ana, Calif.; Tuma, Ariz.; and Rose Field, Ariz. No attempt will be made to establish any record of speed or endurance, but the flight will be for scientific observation and training. Maj. H. A. Strauss is commander of the craft. He is accompanied by Capt. George A. McEntire, Lieut. Anderson, Lieut. Don L. Hutchins, Sergeant William E. Fife, Staff Sergeant A. D. Albrecht. The C-2 is inflated with hydrogen, 102 feet long, 54 feet wide, 17 feet high and has a cruising speed of 100 miles an hour. Its maximum cruising radius is 700 miles. It is expected that most of its actual flight from the continent will be done at night.

## LIFE OF BILL HART SEEKS DIVORCE ON CRUELTY CHARGE

Announcement Came After Victim Actor to Sue Son, William Hart Jr.

LOS ANGELES, Cal., Sept. 14.—Bill Hart, actor, is suing his son, William Hart Jr., for divorce on the ground of "extreme cruelty" will be lodged today against William R. Hart, actor, by Mrs. Winifred Hart, according to an announcement today by Mrs. Hart's attorney, who, however, declined to give details of the allegations. Mrs. Hart's attorney, who is also her son's attorney, said that Mrs. Hart had received \$50,000 cash settlement with her son, who was married to her daughter, Mrs. Hart's daughter, who was married to her son, William R. Hart, one week old, for the first time, yesterday. He went to the home of his wife, Winifred Hart, who was married to her son, William R. Hart, one week old, for the first time, yesterday. He went to the home of his wife, Winifred Hart, who was married to her son, William R. Hart, one week old, for the first time, yesterday.

Friends who saw the first meeting of Hart and his wife, say that he at once became the best of husbands and passed nearly half his time with her. Before leaving home, Mrs. Hart requested her son to write in her baby book some of the infant's propensities, and obediently inscribed the words "mother" on the book and "father" on the back. "That isn't a baby; that's a man," she said, "and I'll tell you on the square, that long—there Bill extended his arm full length." He looks like a man, she said, "When he gets big he is going to be a long, tall chap like me, he is."

## PRAYER FOR SHUALS ACT

The Associated Press. WASHINGTON, Sept. 14.—The Senate Committee on the Interior and Insular Affairs today passed a bill to amend the law relating to the sealing of whales, known as the "Whaling Act."

The bill, introduced by Sen. Charles McNary, of Oregon, and reported by the committee, would amend the law relating to the sealing of whales, known as the "Whaling Act."

The bill, introduced by Sen. Charles McNary, of Oregon, and reported by the committee, would amend the law relating to the sealing of whales, known as the "Whaling Act."
